<b>Target 1.2.3</b>	Ensure the community has opportunities to be consulted and are encouraged To provide input into major projects and decisions.

**RECOMMENDATION:**

**That Council receive and note the report on the recent Community Survey and use this information when formulating its Strategic Plan and future priorities**

**EXECUTIVE SUMMARY:**

Council is seeking to re-write its current Strategic Plan to reflect its current priorities for the next four years of this Council and beyond. As part of this process, Council surveyed the community to seek their views to help Council improve the services and facilities provided to the community, as well as their ideas and suggestions to improve the region and help us plan for the future.

The survey complements the recent regional bus trip and a soon to be held Strategic Planning day for Elected Members and senior staff.

This report provides a copy of the preliminary results and some discussion points for Council's consideration. A more detailed analysis is currently being undertaken by staff.

**Discussion**

Council's current Strategic Plan (2010-2019) is in need of updating to reflect what has been achieved to date; changing needs of the community and to reflect the priorities of the new Council. In order to achieve this, Council has resolved to undertake the review of its Strategic Plan in the following stages:

- Undertake a survey of the community and seek their views to help us improve the services and facilities we provide to the community, as well as seek their ideas and suggestions to improve the region and help us to plan for the future (completed March 6).
- Undertake a bus tour of the Council area to look at issues arising from the community surveys, items on Council's existing Asset Management Plan, and emerging issues as identified by Elected Members and senior staff (undertaken on March 22).

### Report Item 14.1.3 – Community Survey (Cont'd)

- Hold a planning workshop to consider the issues arising from the community survey and bus trip; examine existing plans and then determine the Council's priorities for the next four years and beyond (scheduled for April 26).
- Use the above information to put together a draft Strategic Plan for community consultation (due June 2015).
- 

The first part of this exercise was to conduct a survey of the community to determine their views on Council and ascertain their priorities. More specifically Council wants to:

- obtain the community's input to help us put together a new Strategic Plan for the region;
- identify the key concerns, priorities and aspirations of the community;
- identify the extent of use of existing community facilities;
- find out what importance is placed on various services and facilities;
- find out how those facilities and services are performing, and
- identify ways by which the Council can improve its customer service.

The Community Survey was responded to by 600 people representing the largest response to a Council public consultation in the last 10. Out of those who responded, 42% were male and 58% were female, with almost half (44%) being in the 45-64 age bracket, with close to a third (29%) being aged between 25 and 44. Unsurprisingly, most respondents (70%) live in Port Pirie with 11% residing in Crystal Brook and 6% in Napperby/Nelshaby.

The most used facilities provided by Council were identified as follows:

- Garbage collection
- Sealed road network
- Footpaths
- On street parking
- Off-street Parking

The least used facilities provided by Council were identified as follows (most were either age or location specific):

- Skate Park
- Senior Citizen Centre
- Bus Shelters
- Internet Centre
- Aerodrome

The community rated the following services that Council provides as the most important:

- Garbage collection
- Sealed road network
- Public toilets
- Footpaths
- Street lighting

### Report Item 14.1.3 – Community Survey (Cont'd)

The community also highly rated the importance of:

- General courtesy of staff
- Responsiveness to complaints
- Consultation with the community
- Industry and business attraction
- Promoting the region

Conversely the community rate the following services that Council provide as the least important:

- Art Gallery
- Internet Centre
- Senior Citizen Centre
- Bus shelters

The community, in its assessment of Council's performance, rate the following services provided by Council the highest :

- Garbage collection
- Port Pirie Library
- Art Gallery
- Tourism & Arts Centre
- Senior Citizen Centre
- Internet Centre

The community, in its assessment of Council's performance, rate the following services provided by Council the lowest:

- Processing of building & planning applications
- Solomontown Beach & swimming area
- Footpaths
- Street trees
- Unsealed roads

Overall the results were pleasantly surprising and provided a good basis for Council to benchmark its future performance and to incorporate in its Strategic Plan.

It is believed that Council should consider the following issues as part of its strategic planning process stemming from the surveys :

- Prepare and implement a long term footpath improvement program
- Review the number and the presentation of Council's public toilets
- Complete the proposed street light review (as previously endorsed by Council)
- Implement Council's Communication Strategy (as previously endorsed by Council)
- Prepare and implement a Street Tree Strategy
- Continue to increase Council's resourcing of its unsealed road network
- Investigate options to upgrade the actual beach and swimming area at Solomontown (sand replacement, removal of weed, cleaning/dredging within water)
- Benchmark and publish results of its processing of building & development applications

### **Report Item 14.1.3 – Community Survey (Cont'd)**

- Prepare and implement a new Business and Industry Attraction Strategy
- Prepare and implement a promotion and marketing program for the region

This analysis represents a preliminary review of the survey results with a more comprehensive statistical analysis and a formal response from Council expected to be prepared after Council's Strategic Planning day.

Closed Christmas Day. Port Pirie Waste Transfer Station should be open from about 10 am until 6 pm (or at least 5:30 pm), but in Daylight saving time of year, it should be open a bit later into the evening on Thursday, Friday, Saturday and Sunday until 7 pm. you've got lights and power etc there now.	3/7/2015 2:07 AM

73	<b>Swimming Pool</b> <b>Transfer Station</b> From the first day of Summer until the last day of summer, the Port Pirie Public Swimming Pool needs to be open to the public from early morning (maybe 7:30 am) until late evening (maybe 9:30 pm) every day (except Christmas Day) with no closing times in between. Don't scoff at that idea, you're asking us what we think, well that's what people think. Work it out. Make it so. The Port Pirie Transfer Station needs to be open a little later. It should be open from as early as 9:30 am until at least 5:30 pm but maybe even until 6 pm (Mon - Fri). Then the weekends when a lot of us use the dump in the afternoon after we've filled up the trailers in the morning/early afternoon, we go dump it in the late / early evening. So it should be open from about 10 or 11 am until at least 5 pm on Saturdays, Sundays and Public Holidays (except Good Friday, Christmas Day and New Years Day). The Visitor Information Centre needs to be open during day light hours from about 8:30 am until 6 pm (CST) and 8 pm (CDT).	3/5/2015 12:40 AM
74	<b>T&amp;A Centre</b> Visitor information Centre could be open 9 - 5 on weekends	3/4/2015 2:46 PM
75	<b>Library</b> <b>Transfer Station</b> I think the waste transfer station at Crystal Brook needs to be open for a few more hours per week maybe just by extending the times on current days by half an hour on each of the days. The library here could be opened half an hour earlier as well	3/4/2015 5:16 AM
76	<b>Transfer Station</b> With transfer station - close one day during the week and stay open all day Saturday (or Sunday).	3/3/2015 9:55 PM
77	<b>Library</b> Would be good if the library could be open later.	3/2/2015 8:05 PM
78	<b>Transfer Station</b> The transfer station needs to be open all weekend. There should be a recycling centre at transfer station so items of reusable quality can be purchased by residents. To much good to new items are being dumped where other people would get good use of them.	3/2/2015 6:17 PM
79	<b>Swimming Pool</b> <b>Transfer Station</b> Waste transfer station open on weekends. Swimming pool open weekday mornings.	3/2/2015 2:22 PM
80	<b>Transfer Station</b> Port Pirie Transfer Station could be open longer on weekends	3/2/2015 2:03 PM

83	<b>Transfer Station</b> It would be great to have a night during the week where the waste transfer station is open to 5.30pm	3/1/2015 9:23 AM
84	Don't use a lot of these facilities so have no opinion	2/28/2015 6:36 PM
85	<b>Swimming Pool</b> extending the season should be considered	2/28/2015 6:19 PM
86	<b>Transfer Station</b> Transfer should be open longer to allow for professional working people	2/28/2015 4:40 PM
87	<b>Transfer Station</b> Dump hours on Saturday could be extended to 3 or 4pm.	2/27/2015 1:28 PM

89	<b>Transfer Station</b> Extend the opening hours of the Pt Pirie waste transfer station until 5 pm daily	2/26/2015 6:41 PM
90	All ok don't need to be changed	2/26/2015 5:05 PM
91	<b>Transfer Station</b> Dump should be open all weekend all day.	2/26/2015 1:45 PM

## Port Pirie Regional Council Community Survey

92	<b>Transfer Station</b> Transfer and recycling open for time's when people will use it not when best suits the council. People will use the dump on wweekends when they are home to do duties not between 9 and 5 on weekdays	2/25/2015 9:39 PM
93	<b>Swimming Pool</b> Not closing the pool at all on hot days.	2/25/2015 7:21 PM
94	<b>Swimming Pool</b> Don't use pirie swimming pool but do use crystal brook hours aren't too bad but opening until 10 in morning would be good	2/25/2015 12:19 PM
95	<b>Swimming Pool</b> Public Hours for the swimming pool are not adequate.	2/25/2015 12:13 PM
96	<b>Swimming Pool</b> Up grade port pirie pool for all year access	2/25/2015 11:12 AM
97	<b>Swimming Pool</b> My issue is with the Crystal Brook swimming pool. Quite a NUMBER of times this season the swimming pool has been closed on hot days due to patrons no being there at the start of opening hours. The pool manager has stated on Facebook that she will shut the pool if no one is there within 1 and a half hours from opening time. MOST children are still at school and don't get to the pool until after 4-4.30 for a swim ONLY to find it closed. People with season passes are not getting the most out of the passes. It's just ridiculous!!!	2/25/2015 10:40 AM
98	<b>Swimming Pool</b> I suggest that the hours and days of the Port Pirie Swimming Pool needs to be adjusted. With the pool only being open to the public from 3:30-5:30pm Monday to Friday is just so short. Then closing to the public from 5:30-7pm for lap swimmers and reopen for tea at 7pm til 9pm on days that exceed 32C. Closing to the public is just ridiculous. Yes this is tea time but this is when the canteen at the Pool could make a bit of money on pies, hotdogs etc. Yes there are people who like to do laps and maybe the pool should be extended to include the empty block next to the pool and build another pool there for lap swimmers and school swimming lessons. This way those like me who have children outside of school age can take them to the pool without interfering with afternoon school commitments that they may have with other children at school like homework and sports training and therefore can't get there at the times allocated. Not only children under school age would use this throughout the day on hot days but those who have just finished high school or those who have RDO on weekdays and would really like to go to the pool but can't because it isn't open for the general public it is taken up by school swimming lessons and lap swimmers.	2/24/2015 5:27 PM
99	<b>Transfer Station</b> Don't see the point of having a waste transfer station if it is not open when the majority of people need to access it. This is another reason why dumping occurs. Most people tend their gardens, and have rubbish on the weekends but unless you don't have a job and can attend the waste transfer station during the week and within the minimal hours then there's no point. People are dumping rubbish everywhere on the outskirts of Pirie because they cant access the waste transfer station and even if you can, you have to mortgage your house to dump a load of rubbish.	2/24/2015 4:06 PM
100	<b>Transfer Station</b> Doesn't seem to cater for those of us working FT hours, and price to dump rubbish seems to be quite high. Although I don't condone it, I understand why there are people that illegally dump.	2/24/2015 3:49 PM
101	open all day instead of current arrangement	2/24/2015 9:28 AM
102	<b>Swimming Pool</b> Huge Water Park to attract tourism. Townhouse development Marina housing(eg Walleroo)	2/24/2015 7:45 AM
103	<b>Library</b> Library opening on Saturdays. Recycling open on Saturdays	2/22/2015 1:05 PM
104	<b>Transfer Station</b> PP transfer station needs to open earlier or close later, or even both. Consider a person fills a truck from working all day, before they can work the following day the dirt has to go somewhere. Currently they cannot start until after 10am when the dump opens and therefore around 3 hours of working day is lost..... or it is illegally dumped/stockpiled.	2/22/2015 10:26 AM
105	<b>Swimming Pool</b> Opening hours all over the place. Not open on days when really hot and public want relief. Lady that runs pool is disorganised, or perhaps doesn't have the support she needs to run pool effectively.	2/21/2015 8:24 PM
106	all good how it is	2/20/2015 4:12 PM
107	<b>Library</b> <b>Swimming Pool</b> Libraries coul have a night when they stay open later for those that work during the day. Swimming pool could open in November and close at the start of April to allow for longer summers.	2/20/2015 11:24 AM
108	<b>Transfer Station</b> Closing Pirie Transfer Station at 4 is too early during the week, 4:30 would be better. I do like the weekend hours though, they are much better than the old system.	2/20/2015 10:33 AM
109	<b>Transfer Station</b> Especially the waste station needs to be open when people are in their leisure time.	2/19/2015 3:41 PM
110	<b>Swimming Pool</b> Keeping the pool open a little longer and having shade sails over the pool	2/19/2015 3:40 PM
111	The more time places are open the easier it is for people to access the service. Weekend access is imprtant too!!	2/19/2015 11:21 AM
112	<b>Library</b> I would like to see the Port Pirie library open longer on weekends.	2/19/2015 9:07 AM
113	<b>Transfer Station</b> Dump open longer on weekends Pool open longer on weekends	2/18/2015 8:03 PM

116	<b>Library</b> Library open on a Saturday - often I feel like taking the kids to the library on sat or sun morning and then remember I can't- it's hard to get there when you work during the week.	2/15/2015 6:42 PM
117	<b>Transfer Station</b> Port Pirie Waste Transfer Station needs to be open longer on the weekends to accommodate people who work Mon - Fri 9-5. There is no time to co-ordinate clean up & disposal.	2/14/2015 7:58 PM
118	<b>Swimming Pool</b> swimming pool could be open later when it's very hot	2/14/2015 12:21 PM
119	<b>Transfer Station</b> Extend week end hours as this is when the ordinary worker gets time to do his gardening.	2/13/2015 11:11 AM
120	<b>Transfer Station</b> Waste transfer station needs to be open longer on weekends and public holidays, considering these are the only days the majority of the public can use the facilities	2/12/2015 7:08 AM
121	Footpaths, weeds, litter, general presentation needs attention	2/11/2015 10:23 PM
122	<b>Swimming Pool</b> Be better to have pool heated in new sports proposal and open all year round	2/11/2015 8:32 PM
123	<b>Transfer Station</b> Make it suitable for 9 to 5 workers.	2/11/2015 7:25 PM
124	<b>Transfer Station</b> Port pirie dump needs to be open on Saturday and Sunday mornings	2/11/2015 6:24 PM
125	<b>Transfer Station</b> Open the dump earlier than 10 oclock would be great!!!!	2/11/2015 5:16 PM
126	<b>Transfer Station</b> longer to allow time to get there after work.. cant always get there on a weekend	2/11/2015 4:07 PM
127	<b>Transfer Station</b> Dumping by most upstanding citizens occurs after they have finished work for the week and the facilities are already closed in most cases.	2/11/2015 2:14 PM
128	<b>Transfer Station</b> Sunday ALL DAY as per weekday	2/11/2015 2:06 PM
129	<b>Swimming Pool</b> The swimming pool needs to be open for public between 5&7pm Close off a few lanes for lap swimmers.. It's too hot to go during the middle of the day and too late to take young kids at 7pm And working parents can't take their kids to the pool during the week.	2/11/2015 1:34 PM
130	<b>Library</b> Library should open on Saturdays	2/11/2015 11:47 AM
131	<b>Swimming Pool</b> go to the schools and ask the students . also admission fees be based on insurance cost only...keep them off the streets and out of trouble	2/11/2015 10:59 AM
132	<b>Swimming Pool</b> If both pools were open between 11.30 - 1.30, it would allow people to have a swim and eat lunch in the pool surrounds before returning to work etc.	2/11/2015 10:49 AM
133	<b>Transfer Station</b> Open on weekends occasionally would be good. Saturday morning doesn't count for bugger all.	2/11/2015 10:15 AM
134	<b>Library</b> PP Library could be opened on a Saturday	2/11/2015 9:41 AM
135	<b>Transfer Station</b> Saturdays for can/bottle collection - it's not ideal for me to take time off work to use that facility.	2/11/2015 8:04 AM
136	transfer station relies on public to have time off regularly through the week and not "bottle neck" on the weekend. I can only go on a weekend and it is always a line up for processing.	2/11/2015 7:57 AM
137	<b>Transfer Station</b> Port pirie transfer station needs to available for the working community ie 11am to 7pm	2/11/2015 7:49 AM
138	<b>Transfer Station</b> The dump needs to be open earlier, most people will get the trailer full and then dump it as early as possible	2/11/2015 7:13 AM
139	<b>Transfer Station</b> Transfer stations should be open on weekends.	2/11/2015 5:10 AM
140	unable to comment further not having used many of these services	2/10/2015 9:40 PM
141	<b>Swimming Pool</b> Pool hours in cb after 5:30pm	2/10/2015 9:20 PM
142	People lead a busy life, with work , family and the hours that some things are open are not always suitable for all, Week ends in Pirie are dead and young and old have no were to sit with a coffee or to keep active	2/10/2015 9:16 PM
143	<b>Swimming Pool</b> Heated pool for year round use, with an aging population a heated aquatic centre is vital for rehab, fitness and community well being	2/10/2015 9:11 PM
144	<b>Transfer Station</b> Longer opening hrs during the week and especially the weekend of the rubbish dump. Not enough oportunity for full time workers to acess dump when need to do a few loads.	2/10/2015 8:54 PM

## Port Pirie Regional Council Community Survey

145	<b>Transfer Station</b> Waste facilities need to be open all weekend, most people can only use during these times and we continue to have restricted times/access, why?	2/10/2015 8:51 PM
146	<b>Swimming Pool</b> Swimming pool is useless. Needs to be an in door aquatics center to be utilised all year round. Will bring alot of people from surrounding areas to the city. You just have to look at the waiting list to get into swimming lessons at the indoor pool on three chain road. Takes well over a year. All people should have the facilities available to learn how to swim all year round.	2/10/2015 8:38 PM
147	<b>Transfer Station</b> Waste management hours later on weekends & open earlier in mornings pools open later in evening	2/10/2015 8:36 PM
148	<b>Transfer Station</b> The PP Waste Transfer Station should open earlier.	2/10/2015 8:04 PM
149	<b>Library</b> Open on Saturdays - a lot of visitors come for the weekend and can't access the library/collections but for Sunday arvo. Not good enough	2/10/2015 2:32 PM
150	<b>Library</b> open the library on Saturday	2/10/2015 1:35 PM
151	<b>Swimming Pool</b> Swimming pool needs to have solar panels for heating the pool and extend the opening months. Also, opening should not be determined by a date eg close on a certain date, but by the weather instead. It was still hot last year when the pool had closed for the year.	2/9/2015 10:51 PM
152	<b>Swimming Pool</b> pirie swimming pool its a joke that is closes	2/9/2015 10:33 PM
153	<b>Transfer Station</b> Transfer station hours not good for those of us who work Monday to Friday plus Saturday mornings. Hours could be extended to open longer than 2pm on weekends.	2/9/2015 10:16 PM
154	<b>Swimming Pool</b> Don't know what current hours are so am unable to answer most of these. I did stop going to the pool with my season pass a couple of years ago because it was never open at the stated time!!	2/9/2015 10:07 PM
155	<b>Swimming Pool</b> The pool hours could be extended if there were improvements to make it user friendly in the winter.	2/9/2015 8:43 PM
156	<b>Swimming Pool</b> Open pool during the day hours for shift workers and young children/parent groups	2/9/2015 8:13 PM
157	<b>Swimming Pool</b> Pool needs to be opened earlier so people can take their kids swimming before it gets too hot.	2/9/2015 5:16 PM
158	<b>Transfer Station</b> Recycling centre needs to be open on weekends.	2/9/2015 4:01 PM
159	<b>Transfer Station</b> Waste transfer Station needs to be open more on weekends as that's when many people need it - especially if they work all week	2/9/2015 2:49 PM
160	<b>Swimming Pool</b> Open the Port Pirie Swimming Pool earlier on a weekend, say 9am instead of 11am. Open the Port Pirie Admin Office on a Saturday morning for those people that work during the week.	2/9/2015 12:53 PM
161	I think the admin center in the main street could be open on Saturday mornings to help those who work full time during the week to be able to get into the office.	2/9/2015 12:48 PM

119	Hard to say. I don't know, maybe whatever I haven't complained about. Moonlight Movies is a good little initiative I suppose, but you need to have "officials" perhaps a couple of security personnel there to patrol around, making sure people are not drinking alcohol or consuming or displaying drugs or drug paraphernalia, being disruptive (yelling out swear words at each other instead of being quiet and watching the movie), sitting instead of standing and talking to each other in front of people trying to watch the bloody movie. Also the library being linked with other libraries is a terrific service. Tourism and arts centre is vibrant and the volunteers and employees are friendly. The parks are lovely and well used by many community members and tourists. I commend council on working with YP Puppy Rescue to assist pound dogs to find homes. Tree day is great. 1	Sporting areas for all types of sports e.g dance does not have any dance studios at all. Cheerleading has no where to practice their stunts safely and correctly	3/26/2015 11:12 AM
2	Cemetery tidy up in servicemans area	3/23/2015 8:19 PM
3	General maintenance in rural communities. Promotion and liaison in rural communities. Need a "Council standard" for facilities across the region, ie if it's not good enough to be in Pirie - it's not good enough!	3/20/2015 4:43 PM
4	<b>Parks</b> Street furniture - not enough seats. There should be a sign re Library hours in the Library car park - I have asked for this. New trees planted then neglected - use a contractor to water them. Place trees in streets with no trees.	3/20/2015 4:31 PM
5	Reduce services. Its costing us too much in rates.	3/20/2015 4:18 PM
6	<b>Parking</b> <b>Parks</b> Toilet facilities in local parking bays - used toilet paper blowing around - disgusting. While it may not be a Council responsibility, reflection on area.	3/20/2015 3:42 PM
7	<b>Crystal Brook</b> <b>Footpaths</b> Footpaths at Crystal Brook. Street furniture at Crystal Brook.	3/20/2015 3:32 PM
8	<b>Roads</b> Bike tracks - there is no safe exit/entry to Primary School, particularly heading towards/across Railway. Road edges are appalling. Unsafe for pedestrian/bikes. Roadside vegetation is cut to unsustainable and full of weeds eg millet grass.	3/20/2015 3:11 PM

16	<b>Parking</b> <b>Parks</b> Boat ramp eg lighting on pontoons that actually project light. Middle lane (supposedly two lanes) don't think so. Too shallow requires dredging at ends of pontoons & on eastern pontoon. Too many carparks are being used by general public & Spencer Holden staff leaving less parks for cars & trailers. After speaking to a local councillor I was informed that there had been a meeting in relation to the bitumenising of Third St, Napperby. The councillor asked if I had been notified by Kendall Jackson as she was going to be conducting this meeting & contacting everyone in Third St. When the councillor asked Kendall if she had contacted everyone in Third St her answer was 'yes' she had. I said to the councillor that nobody had contacted me regarding this matter & that I had been home from work by 4.30pm each day for the last month. This is a prime example of lack of communication from council in matters that directly concern the ratepayers.	3/19/2015 4:28 PM

96	<b>Parking</b> <b>Parks</b> <b>Roads</b> Kerbing on medium strip on Main Rd disgusting. Repairing holes in bitumen roads - they throw bitumen in & first car that drives over it, the bitumen is thrown out - never packed down properly. Tree stumps need to be removed particularly Three Chain Rd. Could be more disabled parking spaces.	3/17/2015 11:09 AM

A lot of street trees have been removed, not replaced. Some prune theirs into little balls so there is no shade. Some are adding personal pleasant touches to their verges which should be encouraged more. Places in Pirie have foul stream of odour. What are sewer pots for - cities don'y have them. Sometimes find nappies & dog droppings at Solly beach. Cleaning paths around shops. Woolworths often has spills etc, dirty seats. Bus \$'s - Newstart gets no concession & they are the lowest income. 150	<b>Beach</b> Signs at Beach. Dogs - vehicles - jetskis access to beach. Jetskis banned a Council should make a stand. Rubbish bins upgrade at beach. No water to drink.	3/12/2015 11:20 AM

153	If you wish to get more visitors to Pirie, give them a reason to come to Pirie, big expensive icons (boats ) will give them something to look at as they go by, but wont bring them to Pirie.	3/11/2015 10:14 PM
154	<b>Parks</b> Facilities such as drinking fountains in the parks need to be kept in good CLEAN working order. CCTV, needs to be maintained (not just installed) and MONITORED AND ACTED UPON!	3/7/2015 2:07 AM

156	<b>Beach</b> Removal of seaweed at beach as the swimming area is now very small. Replacement of dead trees and more trees planted	3/6/2015 1:36 PM
157	I live outside the council area, however I am a ratepayer and work in Port Pirie. in our house the computer is shared so imagine my disappointment when only 1 member could complete the survey online as survey monkey gave a message 'you have already completed the survey'. this meant no other person who works in Port Pirie and lives with me could complete the survey online.	3/6/2015 1:03 PM
158	Council is very poor at responding to complaints, letters & correspondence. Should acknowledge receipt, report response and provide action plan to resolve.	3/6/2015 12:30 PM
159	<b>Beach</b> The Beach - it needs a good clean up. especially once you get out deep.	3/6/2015 11:35 AM

## Port Pirie Regional Council Community Survey

160	<b>Public Toilets</b> Public toilets in pt pirie. Went to use around (flinders view) 8pm and closed. I appreciate the vandal aspect but thought this time of night was rather early and no sign of an alternative. Carparking in CBD	3/6/2015 10:46 AM
161	A hard rubbish collection, possibly twice a year. More half price dump days to discourage illegal dumping around the fringes of the city.	3/5/2015 10:49 PM
162	<b>Parking</b> <b>Parks</b> Provision of disabled parking. Using media eg tv to promote community events Sweeping of paths in CBD including around Theatre	3/5/2015 8:35 PM
163	CITY CVENTRE NEEDS UPGRADING BADLY	3/5/2015 6:29 PM
164	We need something to get on & off train at Coonamia. Very unsafe trying to climb up the side of train. Bins to be put & emptied often at Coonamia Station. Seats to be provided at Coonamia.	3/5/2015 3:56 PM
165	Regional areas.	3/5/2015 3:39 PM
166	<b>Roads</b> Random approach to road bitumen program - example street re bitumised with no housing on either side of road?	3/5/2015 3:24 PM
167	<b>Footpaths</b> Maintenance of footpaths & guttering. Naming of streets. All streets should be named adequately. I think Council should make people put numbers on their houses. This is a social & safety issue.	3/5/2015 3:12 PM
168	Port Pirie Golf Club - this is a major tourist facility. Empty shops in CBD - building owners should be fined if they are not maintained while empty - dirty windows, rubbish & mail etc.	3/5/2015 2:34 PM
169	<b>Footpaths</b> The CBD footpaths in Florence St are dangerous. Street crossing in Norman St should be a Zebra crossing. Empty shops the owners should be made to clean them & empty mail inside & improve outlook. The owners should be fined if they don't.	3/5/2015 2:11 PM
170	<b>Roads</b> Roads	3/5/2015 1:54 PM
171	<b>Footpaths</b> Gardens. Footpaths. Toilets Pigeons	3/5/2015 1:45 PM
172	More street signage needed in some areas.	3/5/2015 1:29 PM
173	Development & planning	3/5/2015 1:06 PM
174	Development & Planning.	3/5/2015 11:27 AM
175	<b>Roads</b> Street scape lighting - obsolete where I live - safety concern. Public transport. Sealed road networks. Tourism promotion & information.	3/5/2015 11:13 AM
176	<b>Footpaths</b> Cleaning weeds from footpaths. Bus services extended. Cement footpaths.	3/5/2015 10:39 AM
177	<b>Beach</b> <b>Parks</b> The beach needs to be cleaned and maintained from the Bridge to Nowhere right through, past the jetty and up to behind the caravan park. It should be lots of white sand and no sea weed or nasty sharp stuff just below the water line as we walk in. Sea lice should be addressed. The lights on the jetty and under the shelter should be kept up with (maintained a hell of a lot more). Funding for a non-sectarian, independant youth group, run by youth, for youth (not to have a lone member the Youth Sector Network dictate who shall and who shall not be allowed in the group and have the council blindly follow her outrageous decision). So, definitely on this list is YOUTH! The Port Pirie Public Swimming Pool. Maybe buy back the block next door (42 Mary Elie Street) and perhaps a water park like the one in Moonta (but a bit better, including a slightly bigger and longer slide for the big kids ;) ) could be put there. A smaller pool for people to still be able to get in and get wet when the main, big pool is being used for bloody lap swimmers. Because we still need to let them do that, but it's not right shutting others out, so that needs to be done.	3/5/2015 12:40 AM
178	<b>Crystal Brook</b> <b>Roads</b> Street lighting in Crystal Brook (we live in town and there is not one within anywhere near our house. Roads in Crystal Brook - we live in town with a bitumen road that is mowed by the council and sprayed due to the cracks, weeds and general poor state of it..	3/4/2015 5:04 PM
179	we have a architecturally significant cultural precinct and library but no one knows where the Art Gallery is! the Art gallery is looking tired and faded. it has a regional reputation and seems as if port pirie and the council really don't care of its future or its value to the community. I did here that they recently won an arts Award for the region - who would know!!! what a waste if this gallery falls on hard times.	3/4/2015 2:46 PM
180	Vacant blocks in wright street solomontown are not regularly mowed. Particularly a block on the corner of wright and burt street- council know where these are and should follow up every 6 months without residents having to ring council to complain all the time.	3/4/2015 9:21 AM
181	<b>Footpaths</b> Footpaths need more regular inspections because of lifting pavers and tree roots etc	3/4/2015 12:18 AM
182	Foreshore redevelopment Improvement to entrance of city Information on aged and youth services	3/3/2015 8:14 PM
183	Art gallery is hidden. This is a sanctuary for this regional community yet many are not aware of its existence and so can not enjoy the displays and activities.	3/3/2015 6:04 PM

## Port Pirie Regional Council Community Survey

184	<b>Public Toilets</b> Public toilets. Not enough of them in the city center.	3/3/2015 2:33 PM
185	<b>Footpaths</b> Some of the footpaths & verge areas could be a bit more maintained & if council could work in with local businesses & residents to take a bit more pride & make some improvements or maintain verges would be good. Would very much like to see an Aboriginal Engagement strategy & Reconciliation Action Plan be developed. Would like to see public spaces to include dynamic art projects, sculptures, creative seating/rest areas & continuing clever garden & landscape designs. Would like to see Council sit in meetings of various community services to increase community & social/community engagement. I don't live in Pirie, but own a rental property there & work in Pirie with community, so Pirie is important to me & the community I work with.	3/3/2015 8:47 AM
186	Cat control is woeful. Registration microchipping and desexing should be mandatory. Street lighting in the foothills communities is very poor.	3/2/2015 9:10 PM
187	Sporting fields and help with these Cemetery	3/2/2015 8:06 PM
188	<b>Parking</b> <b>Parks</b> Parking down the Main Street is an issue and seems to be affecting business in the Solomontown area. Could angle parking be used to improve this?	3/2/2015 8:05 PM
189	performance of staff, in all fields, a complete check on hours performed to their duties.	3/2/2015 8:03 PM
190	<b>Roads</b> Quicker response on fixing roads. Often work is done digging up the asphalt and it takes months to lay new asphalt. Hastle businesses to clean up their yard or put up fences that are not see through. Eg. Some businesses on the entrances. (the wreckers and irvines etc). Move the train carriages that cheesemans are working on out of the entrance to pirie. It looks bad as you drive in the town.	3/2/2015 7:34 PM
191	Transfer station: Home owner have to pay for this service on their rates and are again charged when they take a load of rubbish out. Rate payers should be given several free dump visits. Also council needs to go back when once or twice a year they put a hugh skip in your area so you can place large items in it or offer a service to pensioners where they will pick it up at no charge.	3/2/2015 6:17 PM
192	Concentrate on core provisions	3/2/2015 4:06 PM
193	<b>Parking</b> <b>Parks</b> Sporting grounds maintenance and car parking in port pirie cbd.	3/2/2015 2:22 PM
194	<b>Parks</b> toilets and bbq at Lawrie park. Bird hide in nelshaby reservoir	3/2/2015 2:12 PM
195	<b>Footpaths</b> <b>Parks</b> <b>Roads</b> Weed Removal from footpaths, especially calthrop. General weeding and tidiness throughout whole city, (roundabouts, parks, especially the one at end of Radford Drive. Lots of dead trees around. Lots of trees need to have their protective frames removed from them as they are dangerous. I would like to see the steel droppers that have remained at the bases of some large trees in front of 182 Kingston Road removed. There are some massive river red gums in Vinson street which are totally inappropriate for street trees, which leave an absolutely terrible mess along that street. More trees need to planted also and the watering of them needs to be more often to keep them alive for the first couple of years.	3/2/2015 2:03 PM
196	dog and cat management needs improvement. Servicing of council only traps is not helpful.Reduce the cost of taking rubbish to the transfer station.	3/2/2015 12:27 PM
197	<b>Parks</b> More efficient processing of D&R applications. Flinders View Playground.	3/2/2015 9:39 AM
198	Need to have a toilet block, fish cleaning area and shaded area at the boat ramp. Only 3/4 of a job has been done. Entrance to the city heading north from Bunguma	3/2/2015 8:51 AM
199	<b>Roads</b> Dirt road upgrades.	3/1/2015 7:56 PM
200	<b>Crystal Brook</b> <b>Footpaths</b> <b>Roads</b> dead or damaged roadside trees should be removed, not left lying on the side of the road, e.g., Binney Rd, Crystal Brook. Footpaths are sometimes non-existent. Extra shade-cloth needed in the playground.	3/1/2015 4:46 PM
201	<b>Beach</b> Solomontown Beach. Remove part of the breakwater for winter, remove excess weed, more sand. Ramp for people with wheelchairs that goes into water.	3/1/2015 1:28 PM
202	Services to Napperby/ Nelshaby are very ordinary. Council seems to be disinterested.	3/1/2015 11:48 AM
203	<b>Parks</b> Toilet block near skate park, more fall material under playground equipment at memorial park. New playground equipment at memorial park,	3/1/2015 9:23 AM
204	The use of this survey would be quite for people with even medium level computer skills to find and fill out.I suggest you put it on the front page of the council webpage and direct link to it,instead of having to go through several steps to find it.	3/1/2015 9:22 AM
205	<b>Roads</b> Balmoral Road needs to be repaired. Reduced speed zones in residential streets where housing lines both sides of the street.	3/1/2015 8:41 AM
206	regular notes about activities not with pubs, clubs or 5the arts.	2/28/2015 7:56 PM

## Port Pirie Regional Council Community Survey

207	<b>Parks</b> A safe and enclosed dog park.	2/28/2015 6:36 PM
208	aster Games was responsible for best promotion of this whole region. Short sightedness resulted in no further bids being submitted. Ablution block/change rooms at pool are disgraceful.	2/28/2015 6:19 PM
209	<b>Roads</b> Rural road maintenance and allocation of funding to unsealed road repairs.	2/28/2015 6:05 PM
210	<b>Roads</b> need to grade the edge of the roads	2/28/2015 5:37 PM
211	Services to country towns	2/28/2015 5:07 PM
212	<b>Parking</b> <b>Parks</b> <b>Roads</b> Roads are a disgrace as is the amount of unsealed roads. Paying too much for council services with no effective outcome. Parking is a joke. Need more pedestrian crossings and need to support sporting community more. They bring more money to our region than just tourism! Pirie has so much potential.	2/28/2015 4:40 PM
213	Attitude and responsiveness of council staff with regards to development approval. Been through it a couple of times and dealing with council has been an absolute nightmare	2/28/2015 4:21 PM
214	Building applications ie sheds could be made easier and the designs not have to be over manufactured.	2/28/2015 4:10 PM
215	I think all the other communities in the councils area,need promoting as well, sick of hearing and seeing Port Pirie all the time!	2/28/2015 4:04 PM
216	<b>Beach</b> <b>Roads</b> Some roads can be improved Beach needs improving by dredging the water, so we can swim more often	2/28/2015 11:44 AM
217	To many to list	2/27/2015 6:32 PM
218	Cost of transfer station!	2/27/2015 4:29 PM
219	<b>Footpaths</b> <b>Roads</b> Main cbd us looking tired and run down and dirty. Always so proud to live in port pirie but I feel we are going downhill in this area. Footpaths in the cbd are dirty with rubbish, cigarette butts and pigeon droppings. Our CBDs doesn't look clean and tidy anymore. Main road playground flooring needs to be rubber. Artificial lawn is a tripping hazard.	2/27/2015 2:31 PM
220	<b>Parks</b> More regular street cleaning especially for those people residing opposite parks, gardens, golf course.	2/27/2015 1:28 PM
221	<b>Roads</b> Gravel roads in the region	2/27/2015 12:26 PM
222	Aerodrome facilities are poor	2/26/2015 6:57 PM
223	<b>Footpaths</b> Footpaths	2/26/2015 6:41 PM
224	The general tidiness of the town. Not as well presented as the copper triangle towns. Everything needs a lift, town looks tired and untidy especially the main shopping area with so many empty shops. Even though they are empty the owners should be made responsible to keep them clean and free of rubbish and pigeons. Very messy.	2/26/2015 5:05 PM
225	<b>Beach</b> <b>Footpaths</b> <b>Parks</b> Port pirie cemetery, port pirie swimming pool, beach park, memorial park playground, footpath weeding and tree maintenance,	2/26/2015 4:32 PM
226	<b>Parks</b> Koolunga cemetery could do with a little TLC weeding etc. Bull ants are a problem at the cemetery, bunyip park, bike track to the school, River walk.	2/26/2015 1:55 PM
227	More Public seating	2/26/2015 1:45 PM
228	street trees	2/26/2015 1:09 PM
229	Control of calthrop needs to be improved. General landscaping streetscaping needs to be improved.	2/26/2015 12:35 PM
230	a big shelter/ bbq area over bridge to no where ( ski shack)	2/26/2015 10:06 AM
231	Access to the wharf area (silo's)	2/26/2015 7:50 AM
232	<b>Crystal Brook</b> <b>Roads</b> The Crystal Brook swimming pool exterior facing the road looks very bare since trees were removed to enable flood mitigation. This could really do with some improvement	2/25/2015 9:53 PM
233	Pool area needs a shade and front that will attract people. Fair enough you guys spent heaps on the pool in the past but the building needs a welcoming entrance with a bit of colour a new fence.	2/25/2015 9:39 PM
234	Nil	2/25/2015 7:35 PM
235	Would be good to have more spots for washing hands of small children. Free water dispensers to cut down on having to buy a bottle in the cbd area. Would be good to see the solly playground refreshed - my fave public place to take the toddler and catch up with friends.	2/25/2015 7:21 PM
236	The Christian Art Prize needs to be re-established.	2/25/2015 5:29 PM

## Port Pirie Regional Council Community Survey

237	<b>Footpaths</b> Footpaths are abysmal, can not believe with all the fuss about lead that we still have dirt footpaths. As a walker, they are uneven and an eyesore and unpleasant to walk on.	2/25/2015 4:07 PM
238	Angle Street was started to be resealed and fixed two or more years ago and still hasn't been completed.. And living in a one way street we are required to walk out bins to the start of the street for collection on friday. For years the council has gone down one way streets for bin collection	2/25/2015 12:46 PM
239	<b>Footpaths</b> encourage ratepayers to clean footpaths of weeds and litter, litter cleanup in public areas ie along Wandearah rd Railway Tracks maybe a project for Offenders group?	2/25/2015 12:24 PM
240	The redhill Rec Ground most concern the toilet facilities at oval, the Redhill Tennis Courts	2/25/2015 12:19 PM
241	<b>Public Toilets</b> Public Toilets and Bins	2/25/2015 12:13 PM
242	Swimming Pool	2/25/2015 11:12 AM
243	<b>Crystal Brook</b> The Crystal Brook Swimming Pool new a major improvement. Just about every time my daughter goes to the pool she comes home with cuts on her legs/feet due to broken tiles. It has been like this for YEARS!!! If the Pirie pool can get upgraded costing millions surely the CB Pool can as least make it SAFE!!	2/25/2015 10:40 AM
244	Exit on Pedestrian Walkway on Bridge To Nowhere ( Eastern Side ) There,s No Exit Way For Bikes , Prams , Gophers ETC.	2/25/2015 8:41 AM
245	<b>Roads</b> Traffic management ie lights at main road Norman st intersection, roundabouts at other major corners like The terrace at Esmond rd and balmoral road and also at Corners of wanderah road at Esmond and Balmoral	2/25/2015 8:34 AM
246	<b>Parking</b> <b>Parks</b> Parking inspectors need to be doing a better job as I continually see people parking illegally	2/24/2015 8:16 PM
247	<b>Footpaths</b> <b>Parks</b> <b>Public Toilets</b> <b>Roads</b> Swimming Pool as stated above. The cleaning of public toilets. Shared bituminised bicycle lanes more over Pirie where there are no bike lanes on the road. The law states children under the age of 12 need to be riding on the footpath but this is quite difficult with the poorly maintained footpaths with speed bump like driveways and quite hard to ride on gravel especially when most domestic bikes state not for off road use. It is too dangerous for our kids to be riding on the road. Footpaths need to be improved. Drink fountains at parks should be maintained since most people probably ride or walk to their nearest parks.	2/24/2015 5:27 PM
248	Boat ramp - are you kidding me. This upgrade leaves a bad taste in everyones mouth. Was there even any consultation or quality engineering with that? Mark my words that its an accident waiting to happen. Two cars will eventually collide. Also it needs to be dredged, at low tide if you have to circle because you're waiting to use the ramp, there is a close risk of running aground. More trees would be good and also a change in attitudes of the rude people that work at council. Council have gone from being a great council with a community focus, to a council that everybody loves to hate. Council is there to make everyone's life difficult these days it seems. No common sense, just there to alienate people.	2/24/2015 4:06 PM
249	<b>Beach</b> Beach area seems quite untidy and unloved. There needs to be significant improvement in attracting new business to the region AND perhaps (when attracting government funding) ensuring that a percentage of the jobs will go to locals (Nyrstar transformation project for example).	2/24/2015 3:49 PM
250	<b>Footpaths</b> Footpaths, graffiti removal and tourism promotion	2/24/2015 3:48 PM
251	Street curbing needs attention. In our street the curbing has risen and sagged in many places causing water pooling when it rains. Trees that have been removed still affect the drainage.	2/24/2015 12:58 PM
252	<b>Parks</b> the empty building next to skate park would be wonderful covered area to sit out of the weather . Small kiosk ,seats?	2/24/2015 12:25 PM
253	<b>Beach</b> The Beach 50m either side of the jetty needs digging out to the channel and then replaced with sand also the dig out around the shelter, this area has built up over the years as the sand does not clear like a normal beach this build up has slowly progressed over the years when we put clean sand in the area for the Australia day activities.	2/24/2015 9:28 AM
254	<b>Footpaths</b> <b>Roads</b> footpaths/roads	2/24/2015 7:45 AM
255	playground equipment is excellent, but needs to be maintained more often	2/23/2015 10:50 PM
256	The people getting paid to approve developments need to recognise its builders and rate payers money that builds this city, not legislation and approvals and frustrating desk workers that have never built and could not build a basic structure.	2/22/2015 9:38 PM
257	Hard rubbish pickups are non existent... this is probably why you have quite a lot of rubbish dumped and some people cannot remove bigger bulky items from their yards and could do with some assistance as is done in the city on a quarterly basis	2/22/2015 9:32 PM

## Port Pirie Regional Council Community Survey

258	The dump times r ridiculous for working people	2/22/2015 8:59 PM
259	<b>Footpaths</b> <b>Parks</b> Parks could do with a little more maintenance. Weeds particularly on footpaths and nature strips get out of control and council needs to get to them earlier.	2/22/2015 1:05 PM
260	<b>Beach</b> have moire toilets put at sollomon town beach	2/22/2015 11:06 AM
261	<b>Roads</b> upgrade of roads,	2/21/2015 11:24 PM
262	<b>Public Toilets</b> Port pirie swimming pool. Take a look at the canberra public Olympic pool. They have an air support dome which allows the pool to be open all year round. This would be a draw card for pirie. Would help to children, parents and the elderly get active, decreasing disease presence within the community. The playground on the main st needs to be repaired. The slipper dip landing area should be fixed as its a trip hazard. Some panels of the fort are broken or missing which is dangerous for toddlers. Why not lock the playground when public toilets are locked to minimise vandalism.	2/21/2015 8:24 PM
263	A more efficient workforce.	2/20/2015 7:10 PM
264	<b>Crystal Brook</b> <b>Footpaths</b> <b>Roads</b> footpaths on the northern side of crystal brook (what footpaths) we are forced to walk on the road. street lighting in some areas of crystal brook	2/20/2015 4:12 PM
265	<b>Public Toilets</b> Cleaning of public toilets. Better trimming of trees and clearance of council land out at Napperby. More activities for families on the weekends that are cheaper or free.	2/20/2015 11:24 AM
266	<b>Footpaths</b> dog control, conditions of footpaths, untidy trees,general cleanup of vacant blocks owned by ratepayers.	2/20/2015 11:10 AM
267	<b>Public Toilets</b> Public Toilet at boat ramp is an absolute must. Getting back from fishing and not being able to use the toilet is terrible, especially for women that have been holding on all day to avoid embarrassment.	2/20/2015 10:33 AM
268	<b>Roads</b> Rural sealed roads very narrow and getting narrower as edges chip away - dangerous passing oncoming trucks. Clearing trees and tall weeds from intersections. Broughton Willow is taking over sides of roads making roads narrower and dangerous. Why is rural waste collection on different days. It is hard for us living outside the towns to have to hook the trailer up and make 4 trips to the collection place on 2 separate days. If I put the bin out on the same night they empty both bins on Tuesday morning so wasting all our recycling efforts.	2/19/2015 4:18 PM
269	<b>Crystal Brook</b> <b>Footpaths</b> <b>Roads</b> footpaths in crystal brook. Weed spraying on footpaths in crystal brook, three corner jacks in abundance in some areas. Grading of dirt roads. Much Faster turn around of building applications.	2/19/2015 4:01 PM
270	There is a need for good sports grounds -- not necessarily a sports hub	2/19/2015 3:41 PM
271	<b>Public Toilets</b> Public toilet facilities need to be checked and cleaned more regularly	2/19/2015 3:40 PM
272	<b>Beach</b> Sporting Facilities Solomontown Beach	2/19/2015 3:21 PM
273	Sporting Complex Promoting Port Pirie in tourism	2/19/2015 3:07 PM
274	<b>Roads</b> Maintenance of roads, especially dirt roads in and around Koolunga are appalling Support for facilities outside of Port Pirie, sporting grounds, cemeteries, sealed and unsealed roads, just to name a few areas we miss out on	2/19/2015 11:42 AM
275	<b>Parking</b> <b>Parks</b> <b>Roads</b> Every building, large or small, needs to be given the aged (population) test ie ease of accessability (without help) from road or car park to building etc for people using walkers, wheelchairs, gophers	2/19/2015 11:21 AM
276	Waste water - effluent set up - poo ponds not good. Swimming pool needs to be open WAY more often.	2/19/2015 10:07 AM
277	Tree pruning, street light maintenance. A greater selection of books at the Port Pirie library. Council needs to attract quality nominees to serve on council. Council does not appear to have any significant influence with the SA Govt., the Member for Frome notwithstanding. It seems to me that Port Augusta and Whyalla are much more successful in attracting major projects to their cities.	2/19/2015 9:07 AM
278	Swimming pool Senate rd soccer ground Grey terrace extension sealed	2/18/2015 8:03 PM
279	<b>Beach</b> <b>Parks</b> War Memorials, most important aspect of Port Pirie, the gardens and memorial oval need to be looked after with respect, far more important than a skate park and making the beach drive through for the 1% that use the facilities. 100% of the community owes it to the soldiers that made our great land	2/18/2015 8:02 PM
280	I would like to know where the free dump vouchers are that was stated by the ex mayor. Paying for rubbish collection and not at a cheap price - should have at least 2 vouchers a year for taking rubbish out to the dump	2/18/2015 5:48 PM
281	<b>Crystal Brook</b> <b>Footpaths</b> <b>Roads</b> footpaths in crystal brook, especially school end of Mitchell Street. need to be sealed as they flood when it rains and children need to walk on the roads.	2/18/2015 1:47 PM

## Port Pirie Regional Council Community Survey

282	full review of all but make things more friendly for the public	2/18/2015 4:00 AM
283	<b>Crystal Brook</b> <b>Footpaths</b> Footpaths, dog control, support to sport clubs, Whole of crystal brook needs to be tidied up. Area around swimming pool a mess and drainage channel on mais terrace needs cleaning out. Bowman street shopping centre needs to be revamped with garden areas replanted and looked after. Signage on entrances to cb need to be upgraded and made to look more welcoming.	2/16/2015 9:19 PM
284	<b>Footpaths</b> street & Footpath cleaning	2/16/2015 3:46 PM
285	<b>Parks</b> <b>Public Toilets</b> Community development, neighbourliness, community cohesiveness and well being; informal recreation facilities - beyond org aided sports parks and playgrounds. Public toilets are an absolute disgrace - there is never soap available which is wonderful when you have young children and a known harmful environmental contaminant (lead) yet you can't adequately wash their hands at any of the parks or playgrounds so it is a challenge to go for a play and picnic. The lightning in all the public toilets is also disgusting - you can barely see to go into most (particularly in the newer one at flinders view park - that was the biggest waste of rate payers money ever - it is barely functional). There are no safe or comfortable areas in any council facilities that you can use the change or feed a baby - any that are provided have clearly all be designed by men who have no idea what is involved in caring for young children (stainless steel benches that are like a vet clinic anyone!?!), no comfortable seating the supports breast feeding etc. Reviewing the management structure of council to reduce the bureaucratic levels that waste funding of nepotism and hiring mates to keep them in jobs is ridiculous. I once reviewed the levels of management between a friend in council on the ground working and myself in a state government position- there where less levels of management between me and the premier as a worker on the ground then there was between my friend and the CEO of pirie council. If that doesn't scream waste and over management then nothing else does. Perhaps try researching lean management principals and making the managers connect meaningfully with the community for a while and see how it goes...	2/15/2015 6:42 PM
286	<b>Footpaths</b> The footpaths & crossings in the Main CBD need to accommodate aged people and people in wheelchairs. There are not nearly enough safe crossing areas for elderly & considering there is an Aged Care Facility in the CBD this is pretty poor.	2/14/2015 7:58 PM
287	3 months and still waiting for approval to put up a carport is just ridiculous.	2/14/2015 4:21 PM
288	New building needed for playing squash and could be used for other sports or activities as well . A youth centre which is set up for young people to go to	2/14/2015 12:21 PM
289	Greener and more colourful gardens	2/13/2015 6:42 PM
290	Sporting	2/13/2015 6:17 PM
291	Definately the process of building developments need to be speeded up. Takes forever for council approval to just put a simple shed up in your own backyard.	2/13/2015 3:44 PM
292	Environmental Problems (not just the smelters) Listen to the people, don't just give them the socialist approach.	2/13/2015 11:11 AM
293	The sporting complex for squash and gymnastics needs to be built ASAP. The YMCA demolition will be the end of the squash club in Pirie. Considering that squash was very successful at the Pirie Masters games and the club consists of State Grade players and a Junior Squad, and gymnast have won state and national events, it's ridiculous that the council and government haven't been able to build a home for these sports.	2/12/2015 9:09 PM
294	Preserve buildings...Pirie's heritage has literally being slighted ....we have only tokenistic pictures littered around the townships to say 'what used to be there!'	2/12/2015 8:17 PM
295	I am concerned at the level of services towns other than Port Pirie receive in our Council area.	2/12/2015 2:57 PM
296	<b>Footpaths</b> Sport facilities are clearly high on many people's agenda. Stick to the strategy. If you're not sharing, eg softball and junior soccer, don't seek assistance. There is a lack of public art (sculptures) which can define a city. Footpaths in the CBD are poor.	2/12/2015 12:51 PM
297	Stormwater drainage. In light of recent weather where this could have been an issue, perhaps something needs to be looked at in case of another flood risk.	2/12/2015 10:33 AM
298	Port Pirie's local dump needs to be accessible to people who work and are unable to take their rubbish out at the current opening hours	2/12/2015 6:48 AM
299	Bike tracks, identifying and correcting obvious issues	2/11/2015 10:23 PM
300	Main playground needs to be monitored so it stays in the best condition and maybe extended equipment	2/11/2015 9:16 PM
301	<b>Beach</b> The beach	2/11/2015 9:08 PM
302	Bring business to Pirie. My wife and I have been trying to set up a business and still do not have approval after six attempts. Also a council member has told our opposition information before we where told. I would like to set other business in the district but the service is very below standard.	2/11/2015 9:00 PM

310	<b>Roads</b> Rural roads	2/11/2015 1:52 PM
311	Waste transfer station	2/11/2015 1:34 PM
312	aerodrome and shifting the pageant to friday night	2/11/2015 12:59 PM
313	<b>Roads</b> Bicycle tracks are disjointed, hard to get onto in places and priority is given to vehicles crossing path. It's easier to ride on the road than use the paths as they currently exist.	2/11/2015 12:37 PM
314	crack down houses with rubbish , cars furiture in front yards	2/11/2015 10:59 AM
315	The dump prices are ridiculous. No hard rubbish pickup days at all?	2/11/2015 10:15 AM
316	Youth activities n places to go	2/11/2015 9:32 AM
317	<b>Footpaths</b> Footpaths	2/11/2015 9:19 AM
318	<b>Parks</b> The collection of the rubbish bins in Frank Green and Woodward Parks. Sometimes these are done on a very infrequent nature. Why empty one bin and not the nest one?	2/11/2015 8:39 AM
319	<b>Beach</b> <b>Roads</b> Drainage around beach road.	2/11/2015 8:04 AM
320	<b>Crystal Brook</b> transport for the aged, frail, socially disadvantaged to Adelaide for specialist medical appointments and treatments. Better public transport to outlying areas (there is none to Napperby or to Crystal brook)	2/11/2015 7:57 AM
321	<b>Beach</b> Solly beach. Terrible place to swim	2/11/2015 7:57 AM
322	<b>Roads</b> Fire prevention on side of roads on the highway and surrounding areas. Clean up of roads such as scenic drive ie weeds, fallen trees, damage from the flood	2/11/2015 7:49 AM
323	<b>Parking</b> <b>Parks</b> <b>Roads</b> Waste collection around napperby/nelshaby area local roads could really use some work off street parking could really do with a tidy up and sealing	2/11/2015 7:13 AM
324	Cleanliness of city centre area	2/11/2015 6:12 AM
325	<b>Footpaths</b> Footpaths, there is more pedestrians walking in other areas apart from risdon grove which seems to be the only area council fixed footpaths unless newly built. What about the rate payers in solomontown whose kids use the paths on a daily basic only to walk in mud when raining. Also the ability to check rate balance and pay fees on the council website as well as renew dog registration online.	2/11/2015 5:10 AM
326	<b>Parks</b> Car parking in the CBD area, there are few car park options. We need at least one pay to use car park complex.	2/11/2015 3:36 AM
327	<b>Footpaths</b> We need sealed footpaths on ALL streets	2/11/2015 1:01 AM
328	Supporting local businesses instead of out of town businesses and paying more	2/10/2015 10:57 PM
329	<b>Parks</b> Double gate, spring closure doors on dog park and regular supply of poo bags. Permanent agility equipment would be amazing!	2/10/2015 10:19 PM
330	<b>Roads</b> I'd like to know if Goode road will be resealed in the near future, there are some patches that are unacceptable and as a well used road in town I would have thought it would have been updated long ago. The drainage at the Goode Road/Terrace is also unacceptable when large amounts of rain hit, residents should not have the fear of flooding.	2/10/2015 9:40 PM
331	Street cleaning in Bowman Street ad hoc, often collection of debris in corners and base of trees not touched during sweeping	2/10/2015 9:40 PM
332	<b>Roads</b> the main roads are only being fixed to handle light traffic like three chain road which won't last too long	2/10/2015 9:27 PM
333	Focus needs to be on entire region not just Port Pirie township	2/10/2015 9:20 PM

## Port Pirie Regional Council Community Survey

334	<b>Beach</b> <b>Footpaths</b> <b>Roads</b> play grounds , pool hours , shops open for coffee and food by the beach , more walk ways for children crossing roads, our roads , footpaths more work for the young ones , more active roles by the council for events better up keep of Pirie west	2/10/2015 9:16 PM
335	<b>Roads</b> Council needs to look at the quality of the roads that are being resealed, an absurd amount of loose gravel remains after. Clearly not a well thought out plan as the inferior job will need to be done again soon. Check out the Radford drive Kingston road corner that was only sealed about 18 months ago	2/10/2015 9:11 PM
336	Promoting port pirie on the highway. The welcome to pirie sign is actually past the turn off to pirie when heading north along the highway. The entrance to pirie past coonamia is a absolute disgrace, not welcoming at all, especially at night because it's pitch black. Visitors must think "are we actually going the right way????"	2/10/2015 8:54 PM
337	<b>Beach</b> <b>Public Toilets</b> public toilet cleaning, playground cleaning, non smoking sections in public space (woolies entrance), clean up the beach water	2/10/2015 8:49 PM
338	<b>Roads</b> Development applications slow and unreasonable criteria. Sealed road surfaces.	2/10/2015 8:46 PM
339	<b>Parks</b> Street cleaning, repairs of public bins and park benches.	2/10/2015 8:45 PM
340	<b>Public Toilets</b> Swimming pool, softball grounds, public toilets	2/10/2015 8:38 PM
341	<b>Footpaths</b> <b>Parks</b> Tree assessment, footpaths too many with no paving or concrete, maintenance of sporting grounds/ovals off leash dog park fencing required	2/10/2015 8:36 PM
342	The approval of building requests and new businesses	2/10/2015 8:35 PM
343	Sport oval	2/10/2015 8:30 PM
344	<b>Beach</b> <b>Parks</b> Flinders Brown park and beach need to be cleaner toilets	2/10/2015 8:29 PM
345	<b>Parks</b> More dog parks or sporting ovals available for use of dog owners.	2/10/2015 8:22 PM
346	<b>Public Toilets</b> I think that public toilets and playgrounds suitable for families and small children are a priority. Similarly with a lack of infrastructure for smaller kids	2/10/2015 8:17 PM
347	<b>Footpaths</b> Footpaths and lighting in Napperby,(these facilities were given as reasons for the huge hike in rates some years ago yet we have none at all near my home	2/10/2015 8:12 PM
348	Pigeon problems	2/10/2015 7:54 PM
349	<b>Roads</b> Library, Tourism, signage and road markings	2/10/2015 2:32 PM
350	<b>Footpaths</b> <b>Roads</b> Footpaths better for prams, wheelchairs etc. In particular, look at whether there is a wheelchair/pram accessible kerb. Roads are mainly good, but listen to residential community about danger spots and stop waiting for accidents to happen. Better consultation on long term plans for sporting clubs and community facilities. Doing a survey like this is not sufficient, especially since the questions are poorly framed, some don't make sense, and others are designed to provide you with the answers you want, rather than what you need to hear.	2/9/2015 10:51 PM
351	The idea of a combined updated sports complex is a fantastic idea. More community events, bringing community together.	2/9/2015 10:16 PM
352	Need a gymnasium and decent squash courts	2/9/2015 10:07 PM
353	Definitely the Golf Course. It's a fundamental asset and a disgrace to our city.	2/9/2015 7:35 PM
354	<b>Footpaths</b> Footpaths in CBD ....CBD facelift	2/9/2015 7:17 PM
355	Please introduce some form of cat control	2/9/2015 6:02 PM
356	The "dump" needs to be more affordable for people Hard rubbish days need to be provided The recycling centre needs to open on weekends ,not everyone can get there during the week. Several free dump days per year should be offered.	2/9/2015 4:01 PM
357	Sporting facilities in port Pirie need to be upgraded as a lot are in very poor condition including the toilets	2/9/2015 3:47 PM
358	Bike paths/walking paths	2/9/2015 3:36 PM
359	<b>Beach</b> The beach needs to be re-dredged to bring in some fresh water What we call complex 2 in cricket needs a decent verandah as the amount of people that will be there for a game of cricket that size just doesn't cut it	2/9/2015 3:27 PM
360	Australian Indigenous and multicultural presence could be improved so these groups are more visible and more welcomed by these services. for example Council could do more to promote the Tarpari Wellbeing Centre for Aboriginal people, and signage around the area could be more reflective of the local aboriginal languages of this region	2/9/2015 3:24 PM

## Port Pirie Regional Council Community Survey

361	<b>Parking</b> <b>Parks</b> <b>Roads</b> Roads always need work - car parks ie: old Prests Car Park needs repairs	2/9/2015 2:49 PM
362	<b>Roads</b> Services to Napperby eg street lighting to more if Napperby's built up roads, sealing of roads eg Gulf View Rd, roadside management of weeds etc around Napperby.... Pulling enormous rates off of us out there... Time to improve the services to justify the massive increase in rates we have had!!!!'	2/9/2015 2:40 PM

## Port Pirie Regional Council Community Survey

107	<p><b>Roads</b> <b>Water Park</b> Dear People Here comes some other suggestions on my wish list. When people slam our council I ask, can you do any better? Most of the time the answer is NO, Then I Say "SHUT UP" or try &amp; do better if you can. The only substitute for rack of brains is - SILENCE!!! - More Solar Street lights would be nice - The Festical Centre" Needs a good paint job - The Boat Ramp RUBbish is a lot better but not after Friday &amp; Saturday Nights. -How come we can no longer finish off the wheat area waste. - Diversion of Storm water to the golf links para/ -The run ways at the Aerodrome could be longer and better weight bearing for bigger planes. -Signage to Port Pirie off Nationa Hwy One. no one knws where we are! Large (I mean Large) signs on the Gladstone Turn Off &amp; one on the Murray turn off to tell the world who and what we are all about!! - Questions - Will all out rebates "disappear as all forms of government "look" for extra cash. -Suggestion - Grow some "Spikey" plants/shurbs etc - this way the vandles may not try pull them out. In My travels btwn the Iron Triangle Cites (Whyalla, Port Augusta, Port Pirie) by far now, Our PP is the best presented. It's cleaner-greener &amp; has a better "Welcome To It"!!! It's getting the Greedy nomads to "come in" is the problem. To Divert People from Hwy One is the KEY to people "Inside our city - and staying and spending" - What about a Caravan Free Area. SOme where in the city area or a section of the Caravan Park Set asise as a "Free Area" - Might work - food for thought here. 154	YOUTH! A activity committee of youth (not craft workshops in the library during school holidays) I mean, a democratically run (by youth) youth committee, with a set negotiated budget, but still open to apply for the Community Assistance Fund, for specific projects as normal too. Operating under an elaborate constitutional arrangement, giving set powers (both ways). More "general inspectors" working proactively around our communities. Sack the current one, she never attends dog or cat call outs when reported.	3/7/2015 2:07 AM
155	<b>Sports Facility</b> Sporting complex. An indoor pool would be great. Public toilets at the boat ramp.	3/6/2015 9:46 PM

157	<b>Entrances</b> Council does many things well. A couple of matters to consider are firstly the entrances. Very neglected and sad. Yes the wall on the highway turnoff is in the wrong spot! Another matter is the entrance to the Art Gallery. Hidden away!! it needs a bold statement to encourage people to enjoy for great peace of mind.	3/6/2015 1:03 PM

166	<b>Entrances</b> Heated pool. Town entrances. Maintain Dry Areas in town.	3/5/2015 3:12 PM
167	<b>Sports Facility</b> Water reticulation - upgrade earthenware pipes in original sewerage system - most other Councils reticulate water to community facilities. Heated swimming pool.	3/5/2015 2:34 PM
168	Recycle water to Golf Club.	3/5/2015 2:11 PM
169	<b>Entrances</b> Total massive clean up of whole town of Port Pirie. Address huge pigeon problem (stink, carry germs, etc) Clean, tidy & pretty up entrance to Port Pirie (it's bare & barren). Plant & maintain trees.	3/5/2015 1:45 PM

171	Tree planting & gardening	3/5/2015 1:06 PM
172	Tree planting & gardening.	3/5/2015 11:27 AM
173	<b>Roads</b> In Redhill, finished last 4 Main St (lights), half street done half is not, Maslin St, UWBank St, Sth Terrace, Redhill Terrace. Finish sealing Maslin St & UWBank St and curb - gutter roads. Transport for all Council areas. Provide country areas blueprint plans & model town for future projects.	3/5/2015 11:13 AM
174	<b>Sports Facility</b> Heated swimming pool. Most sports in one area. Some things for our younger generation. More for the elderly to keep our minds & bodies active - what is in Pirie for us?	3/5/2015 10:39 AM
175	<b>Water Park</b> Certainly after seeing the water park in Moonta, it seems like it would be a great idea, as long as it's done RIGHT! Make sure both big and little can get in there. Do not make it compulsory to address Job and Person Specifications for EVERY job working at the Council Administration Centre ("initial interviews" or "specific applications with multiple choice answers" are used to replace this unnecessarily cruel and horrible method of recruiting/selection). Be creative.	3/5/2015 12:40 AM
176	<b>Roads</b> Roads, Roads, Footpaths outside of Port Pirie (there are other roads than Ellen St).	3/4/2015 5:04 PM

179	Engagement with the Aboriginal community Employment for the Aboriginal community Employment opportunities for youth	3/4/2015 7:49 AM
180	<b>Roads</b> In Port Pirie I would like to see an upgrade of public toilets as some of them are decades old. also more public benches. and I don't know who owns the land behind Radio Rentals but that carp ark is a real mess as is the one in Florence Street near a furniture shop. The one behind the MVA areas is totally inadequate as well.	3/4/2015 5:16 AM
181	<b>Roads</b> A. Improved streetscapes with more landscaping, street furniture and art and requiring landlords to better maintain/preserve historical facades in town. B. More art in public places C. Street tree planting in new housing developments and maintenance of trees in older area...using water sensitive design ie storm water in carpark drains to trees in carpark. D. More activities that help build a sustainable, informed, vibrant and interesting community. See City of Holdfast Bay facebook page for ideas - nature play activities, workshops on worm farming, garden design for our climate, community art event, empty shops used as art spaces, community bike ride, multicultural events. E. Ban black tiled roofs and black pavers in new housing developments...these are creating huge heat islands that drain energy and are costly to cool. They also make for ugly hard living environments. F. New public spaces to be designed so as to reference Pirie ie. Flinders Ranges, water, history, vegetation etc and to be designed so as to be inviting and useable with seating, shade, toilets, water. Seek out South Australian landscape designers for jobs who know our environment and how we use it.	3/3/2015 9:55 PM

## Port Pirie Regional Council Community Survey

182	<b>Sports Facility</b> New sporting complex	3/3/2015 8:14 PM
183	<b>Beach</b> <b>Roads</b> Lights put on jetty over the bridge to know where and toilets and shelters installed. Slute gates installed under bridge to improve beach area and keep river from silting up. Replace street trees that you cut down we have two less in our street now that we spent a lot of money watering over the years	3/3/2015 2:40 PM
184	<b>Roads</b> More public toilets. Less money being spent on resurfacing roads that really don't need it.	3/3/2015 2:33 PM
185	Good communications, make the most of entry into town, Aboriginal Engagement including employment targets & council fostering new opportunities for social & cultural cohesion & innovaion. RAP (Reconciliation Action Plan)	3/3/2015 8:47 AM
186	The Georges Cnr intersection needs fixing to be made safer. Currently it averages 1100 vehicles travelling over it daily heading to and from the foothills communities. The population is increasing up there and it deserves fixing. The area will boom when it's fixed. Webcams placed up the tower at The Bluff facing nth Sth East and west would be a brilliant way to show our area to the world. Make the dog park secure so dogs get safely be let off leash.	3/2/2015 9:10 PM
187	<b>Beach</b> <b>Sports Facility</b> Swimming pool indoor Beach	3/2/2015 8:06 PM
188	Look into fly in fly out mining options for the local community, whyalla and port augusta already have this. Continue to work with Nyrstar and community to reduce blood lead levels. Total clean up of nelshaby Reservoir, its massive fire risk putting all home around the reservoir under a increased threat should there be a fire. In the reservoir there is a bird hide that has been broken since my babies were born almost 12 years ago now!!!! How do I know , I used to walk them around the reservoir as babies. Upgrade and reopening of the napperby. swimming pool.	3/2/2015 2:12 PM
195	<b>Roads</b> <b>Sports Facility</b> <b>Water Park</b> I would love to see the new sporting facility come to fruition. We desperately need an upgrade to what is at Memorial Oval at the moment, especially the catering area, as there is not enough power there to properly cater. There isn't even hot water which makes it hard. The Caravan Park needs to have someone in charge that can maintain, weed and beautify the area. I reported a missing Telstra cover on a footpath in a suburb in Adelaide, which was very easy to do with my mobile phone as you can upload a photo of the problem and send it easily to their website which was very user-friendly. It would be great to have something similar on the council website as I often see things I would like fixed when I am out walking. I would also like to see the businesses in the main street have a bit more pride in the appearance of the shop fronts, especially the top of the buildings, some of which are in a very sad state.	3/2/2015 2:03 PM
196	<b>Roads</b> A community centre for adult learning and recreational study. A road from Alpha Tce to wandearah road to cut down CBD congestion. Develop the wasteland between John Pirie high Grey Tce	3/2/2015 12:27 PM

202	<b>Roads</b> Upgrading of roads and drainage in Napperby/Nelshaby district.	3/1/2015 11:48 AM

## Port Pirie Regional Council Community Survey

203	<b>Sports Facility</b> <b>Water Park</b> Major signage on highway one promoting our city and its attractions, the upgrade of memorial oval and the swimming pool, with consideration given to a water park (like Moonta Bay) to attract more residents/visitors to use this facility, as a face lift of buliding is just that in the end.	3/1/2015 9:23 AM
204	<b>Roads</b> Consolidation of whole of city appearance as our climate changes.You need more gardening staff to water new trees.Have a look at Senate Road between Esmond Road and Balmoral Road	3/1/2015 9:22 AM
205	<b>Sports Facility</b> Community Sporting Complex Heating of community pool	3/1/2015 8:54 AM
206	more trees in vandal proof fences	2/28/2015 6:36 PM
207	As above.	2/28/2015 6:19 PM
208	Attract new business and industry to the region	2/28/2015 6:05 PM
209	<b>Entrances</b> Less focus on Wasting money on stupid projects in Port Pirie. A prime example is the proposal to waste OUR money on a replica John Pirie schooner at the entrance of Port Pirie.	2/28/2015 5:07 PM
210	<b>Roads</b> Roads more pedestrian crossings. More waste water management. Look after the playgrounds in place more. Use more services offered by disability networks for cheaper labour. Performance plan current staff that are lazy.	2/28/2015 4:40 PM
211	Waste water needs to be used much more effectively	2/28/2015 4:21 PM
212	<b>Entrances</b> entrance signs to other towns, pirie's already got 2	2/28/2015 4:04 PM
213	A new all purpose sporting venue	2/28/2015 3:36 PM
214	Definitely some new Industry for Port Pirie, can't just rely on Nyrstar	2/28/2015 11:44 AM
215	better storm water drainage in nelshaby	2/27/2015 11:01 PM
216	There's no use in naming them all because council will as normal sit on their hands and watch the opertunity pass.	2/27/2015 6:32 PM
217	New flooring to main playground Improved cbd cleaning program New modern facilities to make this town more attractive to tourists	2/27/2015 2:31 PM
218	More aesthetically appealing roundabouts - if it's too difficult maintaining plants in a reasonable condition, perhaps paving them with designs, pictures. Could depict tourist icons, destinations in this region.	2/27/2015 1:28 PM
219	The Aerodrome should be upgraded so that larger planes could fly in and out to mining sites.	2/26/2015 6:57 PM
220	<b>Beach</b> <b>Roads</b> <b>Sports Facility</b> Definitely a sporting complex improvement but needs lots more thought than currently offered. The golf course is a disgrace and embarrassing and if we are to encourage professional people we need a new airport and golf course upgrade. The cranes adjacent to the silos are rusted and untidy and should be removed and the whole area painted as it is unsightly and also opened up so that visitors and anglers can fish off of the wharf. Beach needs to be dredged as we are spending money on the surrounds but not on the actual beach itself. Needs a sluice gate installed under the bridge to nowhere, Driving over Three Chain road is an absolute eyesore looking both left and right. Surely trees could be planted and the railways be responsible for removal of all of their rubbish.	2/26/2015 5:05 PM
221	<b>Roads</b> <b>Sports Facility</b> Upgrade to swimming pool and memorial oval facilities, more concreted footpaths on main roads	2/26/2015 4:32 PM
222	<b>Roads</b> From Mundoora to highway one bitumised road. Seems to be a lot of traffic on that road.	2/26/2015 1:55 PM
223	Traffic light on majpor intersections. This is long over due?	2/26/2015 1:45 PM
224	<b>Water Park</b> more work developments a water park like Moonta has, which is free of charge	2/26/2015 1:09 PM
225	Upgrade of wetlands to incorporate bbq/picnic area, running/bike tracks, family friendly area and tourist campervan/motorhome area. The new sporting precinct needs to be a major drawcard for the region, project must aim to not just be good but fanatastic something that makes us proud. Grandstand needs to be demolished. Waterslides included in pool upgrade to attract regional areas for increased use.	2/26/2015 12:35 PM
226	a big shelter/ bbq area over bridge to no where ( ski shack) and out door gym style things that rother surrounding areas are getting	2/26/2015 10:06 AM
227	<b>Sports Facility</b> What's with the Golf course. How about sewage upgrade and use the water on the course, like every other town/city in the region.	2/26/2015 7:50 AM
228	I think it is important to allocate industrial business areas in Port Pirie and in particular Crystal Brook to encourage small and medium business hubs. Jamestown has done this very well and we are sadly lacking	2/25/2015 9:53 PM

## Port Pirie Regional Council Community Survey

229	<b>Beach</b> <b>Water Park</b> Pirie pool has so much potential, if looked after by the right people, lots of land there why not use every centimeter of it, and look after the clubs in the town that use it. Rebuild the bridge to nowhere so that the beach can be flushed. Thats all the town wants is a nice clean beach. Dont put a skate park in the way to cover the beach clean under the water, flush or dredge it so people will walk out there not in the sludge that is under the water.	2/25/2015 9:39 PM
230	<b>Sports Facility</b> Additional indoor sporting facilities for youth	2/25/2015 7:35 PM
231	<b>Roads</b> The lights back on the palm trees in main street, or something similar to liven it up. Like to see cleaning of all buildings in high traffic areas to reduce lead. Overseas they have boxes of sand equipment and toys ect that get opened at certain times for people to use. Would be great to encourage interactions between children and parents, especially for those new to town or isolated by other reasons. Would also be good to have a toy library. Toys are expensive, especially some of the educational ones. Footpaths on all arterial roads.	2/25/2015 7:21 PM
232	Innovative projects that are not Nystar centred.	2/25/2015 5:29 PM
233	<b>Sports Facility</b> Cement footpaths, new sporting facilities at Memorial Oval including pulling down the grandstand and removing the cement bike track.	2/25/2015 4:07 PM
234	<b>Sports Facility</b> Ensuring that memorial park is improved and the old bike track is removed and the dirt around the oval is sealed	2/25/2015 12:46 PM
235	<b>Beach</b> A Community Volunteer Centre for small Community Volunteer groups Better Showers and toilets at the beach	2/25/2015 12:24 PM
236	<b>Sports Facility</b> Crystal Brook Swimming Pool The Redhill a Recreational Grounds - oval and buildings The Crystal Brook Stadium Project	2/25/2015 12:19 PM
237	The Pirie River Dredged to create a sustainable future of employment and commerce in Port Pirie.	2/25/2015 12:13 PM
238	<b>Sports Facility</b> Improve the Port Pirie Pool before the memorial oval upgrade	2/25/2015 11:12 AM
239	More concrete paths on main footpaths in Crystal Brook - ie. the blocks around Willochra Home - as the elderly that reside in the home walk around the block on a regular basis to keep active. MAJOR upgrade on the CB Pool. It is unsafe! Preferably done before NEXT SEASON!!	2/25/2015 10:40 AM
240	<b>Sports Facility</b> <b>Water Park</b> Better sporting facilities and upgrade pool to include water park etc	2/25/2015 8:34 AM
241	<b>Sports Facility</b> A combined leisure/sporting centre where all sports can be played and they have plenty of facilities. Even small towns can achieve this so why not Pirie?	2/24/2015 8:16 PM
242	<b>Roads</b> <b>Sports Facility</b> Extend the pool to the empty block (42 Mary Elie Street) next to it and include another swimming pool and maybe something fun and entertaining like slides to entertain the kids and big adult kids. Bituminised/ashfelt shared bike lanes.	2/24/2015 5:27 PM
243	Employment = all talk and no action when it comes to council. How many projects have we had in the pipeline over the years that have gone by the way side. Everyone gets excited and then its a slap in the face. Camel abattoirs, oxiana, there are stacks over the years that never got off the ground. How about doing what you need to do, to make it happen? Get out there, get of your fat arses and bring industry to Port Pirie.	2/24/2015 4:06 PM
244	Business development (attracting bigger employers to region).	2/24/2015 3:49 PM
245	Pathing and greening of footpaths, greater focus on tourism and council region - not just Port Pirie	2/24/2015 3:48 PM
246	More jobs	2/24/2015 12:34 PM
247	<b>Beach</b> <b>Water Park</b> Market the Beach as the safest swimming beach in australia, clean the swimming area up and watch the people come with this a water park like what Moonta has recently installed would also help bring people to the city.	2/24/2015 9:28 AM
248	<b>Water Park</b> Marina Townhousing Water Park	2/24/2015 7:45 AM
249	Obviously employment in the city and opportunity would solve a lot of the social issues	2/23/2015 10:50 PM
250	Reduce red tape, reduce staff and reduce rates. More trees as well.	2/22/2015 9:38 PM
251	<b>Water Park</b> School crossing on wander ah rd for st marks Trees planted in new houses areas Water park for little kids	2/22/2015 8:59 PM
252	<b>Roads</b> The city must beautify. PP has huge potential to make the city centre must more beautiful and attractive through pedestrian areas, narrower streets with wide footpaths and tree planting. It has to start now and needs considerable effort to turn the city from a hot dull city to a beautiful inviting area. It is not difficult and many regional cities have been through this transformation already	2/22/2015 1:05 PM

## Port Pirie Regional Council Community Survey

253	sports precinct, PP marina upgrade, boat ramp dredging, Access to the waterway on Pirie side of the river where the silos are, get rid of the derelict wharf cranes an open up access again, even if just to walking traffic and fishermen etc	2/22/2015 10:26 AM
254	<b>Roads</b> bitumen the coonimia to bungama road which is a short road, used alot and an access out of town when trains block 2-3 crossings. Round about or stop lights at the intersections of wandearah rd and Edmond and balmoral, intersection of the terrace and esmond rd and balmoral rd. For safety reasons	2/21/2015 11:24 PM
255	<b>Sports Facility</b> Port pirie needs a new indoor sports hub. Facilities would need to include netball, basketball, indoor kinda gym, indoor gymnastics, dance, etc. good to have a meeting/conference room that can be catered (weddings, grand finals etc). Indoor play centre for children especially in hot/raining weather (look at Kadina indoor play gym). Could get grants through 10 by 10 smelters? A new playground. One that has age appropriate areas including toddlers. One with better soft fall, not bark chips or fake grass the gets ripped.	2/21/2015 8:24 PM
256	Yearly events	2/20/2015 7:10 PM
257	see Q20 also a baby change toilets somewhere in the midnorth would be good. tidy up/ landscape the path and access to underpass subway in crystal brook.	2/20/2015 4:12 PM
258	I'd like for the council to look into the Steds scheme out at Napperby. Our rates are huge and it's getting harder and harder to pay for them. This scheme was meant to be paid off in ten years and it's been a lot longer than that that we've been paying for it.	2/20/2015 11:24 AM
259	general beautification of the city. new industry. employment opportunities for younger residents.	2/20/2015 11:10 AM
260	<b>Roads</b> New Basketball stadium. Our setup is too old and is a joke compared to what Whyalla and Port Augusta have. Also some public basketball courts would be good. There are courts in the schools, but technically the public aren't supposed to be on the school grounds. Senate road Tennis courts are empty, that would be a good spot for a Basketball court.	2/20/2015 10:33 AM
261	<b>Sports Facility</b> I'd like to see the golf course cleaned up. I'd like to see tree lopping managed rather than hacked.	2/20/2015 7:39 AM
262	<b>Sports Facility</b> Fix up the Redhill Cattle Track intersection. This is the worst designed intersection in SA and a tragic accident waiting to happen. We like the idea of a Regional Sports complex but don't forget the needs of sporting groups in the rural areas. Council to get more involved in Broughton River restoration, weed eradication as it is a major water course in the region but gets no attention from Council. Improve cemetery maintenance and don't let the weeds and rabbit holes get out of control.	2/19/2015 4:18 PM
263	<b>Roads</b> bowman park facility to be utilised as a function centre. Outdoor summer events in the evenings. Outdoor cinema nights Crystal brook playground upgrade with shade over swings Safe and clean Baby feeding room in the main areas in both Pirie and crystal brook. Improved street lighting. Improved area between East/west side of crystal brook near train track, looks absolutely terrible, always a mess of scrub and weeds and so many people walk through there yet it is unsafe especially for children with snakes around. Also needs to be much better lit up at night.	2/19/2015 4:01 PM
264	An indoor gymnasium/basketball court	2/19/2015 3:41 PM
265	<b>Sports Facility</b> Coordinated Sporting Hubs to allow clubs to grow without facility issues	2/19/2015 3:21 PM
266	Signs to educate the Caravan Travellers on where to park Sporting events	2/19/2015 3:07 PM
267	Make everything flat and easily accessible to the disabled and aged eg footpaths, car parks & promote the city as " very disability friendly"	2/19/2015 11:21 AM
268	Dog parks need swing gates!	2/19/2015 11:02 AM
269	Crystal Brook need to be included in council decisions and projects as we pay MASSIVE rates for virtually no service	2/19/2015 10:07 AM
270	<b>Roads</b> On street parking in Balmoral Road is terrible. The road is narrow for the amount of traffic, but the "footpaths" are wider than is necessary. Also, a roundabout at intersections such as Balmoral/ The Terrace, Balmoral/Wandearah, Esmond/The Terrace and Esmond/Wandearah are badly needed.	2/19/2015 9:07 AM
271	<b>Sports Facility</b> Cover the 50m pool and memorial oval upgrade Consult with sporting clubs	2/18/2015 8:03 PM
272	<b>Sports Facility</b> overview of council operations, professionals in there fields, understanding of the community, employees that understand the people and the community, ensure war memorials are incorporated into the Memorial oval upgrade, Grandstand and gates must stay	2/18/2015 8:02 PM
273	<b>Water Park</b> Moonta has now got a water park - would be a good attraction by the Skate Park.	2/18/2015 5:48 PM
274	<b>Sports Facility</b> major multi-function sports/leisure complex more wharf/marina upgrades/beautification	2/18/2015 9:33 AM
275	<b>Beach</b> <b>Roads</b> Better beach and wharf facilities, Updated roads and footpaths	2/18/2015 4:00 AM

## Port Pirie Regional Council Community Survey

276	<b>Sports Facility</b> decent sports complex	2/16/2015 3:46 PM
277	More access to workshops such as painting, pottery and other arts - Instead of just sport	2/16/2015 1:42 PM
278	More potential local community and tourist attractions, more business investment	2/16/2015 8:16 AM
279	Pirie council would benefit from taking a look at the levels and types do responsive community based services that benefit the residents of the council instead of focusing in tourism and business interests. Look at examples if port Augusta and other innovative councils around the country - they get that looking after the health and well being if their communities leads to increased tourism and increased business activity because people are happier, more comfortable and stay longer in their communities. There is so much more that could be achieved with increased community cohesiveness and the benefits are well document and well evidenced - you just have to have people that have the ability to access the evidence base that exists and can interpret what is available	2/15/2015 6:42 PM
280	Improvement to the general look of the CBD - businesses should be made to keep the exterior of their buildings clean & more presentable.	2/14/2015 7:58 PM
281	streamline and cut red tape. employ people who know what they are doing.	2/14/2015 4:21 PM
282	<b>Sports Facility</b> squash courts and an area set up as a youth centre for young people to go to socialise which is staffed by qualified people	2/14/2015 12:21 PM
283	<b>Entrances</b> Use of recycled water to green Pirie more, continue to improve entrances,	2/13/2015 6:42 PM
284	Bring commercial 'business and industry to Port Pirie. Look at the other Spencer Gulf cities- we're stagnant in terms of growth.	2/13/2015 6:17 PM
285	<b>Entrances</b> A better boat ramp. The new one is terrible. So many things wrong with it. The entrance to the town is pretty awful too.	2/13/2015 3:44 PM
286	Proper Tourist Promotion for the area by somebody with a knowledge of the district. It is embarrassing when watching a documentary and the interviewer knows more about the region than our tourist promoter.	2/13/2015 11:11 AM
287	<b>Sports Facility</b> It's time to get your act together and build the sporting complex for Squash and Gymnastics ASAP.	2/12/2015 9:09 PM
288	Water recycling!	2/12/2015 8:17 PM
289	<b>Beach</b> <b>Sports Facility</b> 1. Public art plan. Put \$200k into public art per annum and the city will be redefined within 5 years. (Council has tried with the port study, the airport study and with its retail study - for which it should be commended). This one is achievable and can begin immediately. 2. Water feature/play area at beach. Do it well and it will attract people in droves. 3. Sport facilities - make soccer a point of difference for this city. It is the World's most popular game, look at the crowds to the Asian Cup. Here the drums beating and get in front of the rest! Make this sport the priority for very strategic reasons.	2/12/2015 12:51 PM
290	<b>Roads</b> Rural areas should be provided with a stand that wheelie bins can be placed in to prevent them from being blown over (possibly onto the highways/roads) similar to Elliston area	2/12/2015 11:59 AM
291	<b>Entrances</b> Aesthetics of entrance way into Pirie improved. Improvement in facilities and support for disadvantaged families.	2/12/2015 10:33 AM
292	The new wharf to promote growth The declination plant The airport to attract other large business	2/12/2015 7:08 AM
293	anything that will attract employment to the area	2/12/2015 6:48 AM
294	<b>Roads</b> Lifting of expectation of town presentation. Pass a rule that all TV towers be removed immediately, they're ridiculous, unwarranted and occasionally dangerous. Encourage businesses & homes to present well (perhaps offer a % off rate reduction if presentation of property adds value to street/town)	2/11/2015 10:23 PM
295	Sports hub is a must	2/11/2015 9:16 PM
296	<b>Water Park</b> Water park for the kids like moonta has would be a winner for the town, or we wait for the one haden bentleys going to build	2/11/2015 8:53 PM
297	Sports redevelopment	2/11/2015 8:32 PM
298	<b>Beach</b> Indoor heated aquatic centre. Bigger boat ramp. Better swimming beach. Entertainment. Better movie house with new release movies. Upgrade Island of nowhere.	2/11/2015 7:25 PM
299	<b>Sports Facility</b> The large sporting complex that has been talked about	2/11/2015 6:24 PM
300	development of the existing wharf infrastructure to accomodate various types of marine industry, not just bulk commodity export. Large Vessel maintenance and repair facilities would be one example.	2/11/2015 6:03 PM
301	<b>Sports Facility</b> sporting complex just like port augusta!	2/11/2015 5:16 PM

## Port Pirie Regional Council Community Survey

302	BBQ area in the Ron Window shelter in Crystal Brook	2/11/2015 4:07 PM
303	<b>Roads</b> Airport upgrade, road upgrades, regular maintenance of unsealed roads, footpaths.	2/11/2015 2:14 PM
304	<b>Roads</b> footpaths down Goode road (fit for prams) Footpath/bike track down Anzac rd (near cemetery) a lot of people use that as a circuit for running/walking and riding, including York rd too.	2/11/2015 1:34 PM
305	expansion of the aerodrome to accomodate larger planes	2/11/2015 12:59 PM
306	<b>Roads</b> Widen the bridge at the Northern side of Crystal Brook on the road to Port Pirie. Including a pedestrian bridge with protected footpath to the top of the southern end (towards the town).	2/11/2015 12:53 PM
307	Area stretching from Grey terrace (opposite Coles/KFC) to the wetlands opened up with sealed walking/exercise paths. meandering amongst industrial sculptures that have been produced as part of an annual Industrial Art competition that celebrates our industrial heritage. Also apply for a bicycle helmet law exemption and promote Port Pirie as the Netherlands Down Under. Everyone lives no more than 5kms from work or shops, in one of the flattest cities in the country. A chance to set up a unique, healthy culture that would become a tourism draw card.	2/11/2015 12:37 PM
308	New industry	2/11/2015 11:47 AM
309	raising the height and greening of the embankment	2/11/2015 10:59 AM
310	<b>Roads</b> Finding street names in Port Pirie can be irritating. Some are on kerbs and are badly faded, some are on poles and many don't exist at all! This is not a glamorous subject, but one which is needed and used by visitors and residents alike. So a standardization of street signage should be made a priority amongst all other projects. Also, renaming two roads in the Council area should be considered. Abattoirs Rd, Warnertown no longer has a working abattoir, so a more appropriate name could be considered, reflecting the history/heritage of the area. The Cattle Track, Crystal Brook is another road badly needing a new name. There are some properties for sale along this road, one of them is a high-value property and has been on the market for more than 3 years. A potential buyer who is not local can only be put off by a name such as "Cattle Track" which evokes images of a muddy, winding track, not the sealed road which it is now. Just changing the name to "Red Hill Road" in consultation with property owners who live along it would be a start.	2/11/2015 10:49 AM
311	Anything but the beachfront! Stop throwing money at that for God's sake. Lower the dump prices, hard rubbish days would be good. Also a rubbish collector who doesn't drop his bundle whenever your bin lid is open half an inch would be appreciated.	2/11/2015 10:15 AM
312	Youth council is there one?	2/11/2015 9:41 AM
313	more opportunities for our youth to help them be able to remain in the area	2/11/2015 9:32 AM
314	<b>Sports Facility</b> Sporting Facilities	2/11/2015 9:19 AM
315	continue to reduce the older, lead contaminated housing around Pirie west and solly, do not allow for continued occupation of these premises once vacant eg call them unfit for habitation	2/11/2015 7:57 AM
316	<b>Sports Facility</b> Sports facility	2/11/2015 7:57 AM
317	<b>Sports Facility</b> <b>Water Park</b> Water park, better footpaths for walkers, major improvements to golf course	2/11/2015 6:12 AM
318	More facilities for our young people, more council run or supported functions and more family gathering events.	2/11/2015 5:10 AM
319	Stop dumping of Waste tyres in milcowie dam which will also stop spread of disease and fire risk	2/10/2015 10:57 PM
320	<b>Beach</b> <b>Sports Facility</b> I would like to see the development of an indoor heated swimming pool length enough for lap/competition swimming, to encourage community fitness and include a leisure area for children. I'd also like to see some type of annual music event held at the beach or park to include local artists to showcase their talents and/or similar to a day on the green. I would also like to see beach activities such as volleyball nets set up and kayaks to hire on weekends and bicycle hire that could be used to tour the CBD taking in the park and the historical buildings.	2/10/2015 9:40 PM
321	more public transport between regional centres and port pirie Perhaps a Centrelink centre arrangement with the institute so elderly or sick don't have to travel. Not full time, just one day a week. Perhaps.	2/10/2015 9:40 PM
322	<b>Sports Facility</b> The re-development of memorial oval should definitely go ahead would be great for the community	2/10/2015 9:27 PM
323	<b>Roads</b> Improvement of perception of council & staff in regional areas. Improvement in maintenance of sealed roads, not just patchy touch ups.	2/10/2015 9:20 PM
324	more jobs , more shops more events new movie area	2/10/2015 9:16 PM
325	Heated aquatic centre. More bike tracks/ trails. Running, hiking trails. Would love to see a university campus in port pirie to try and keep our kids in the region but can't see that happening	2/10/2015 9:11 PM

## Port Pirie Regional Council Community Survey

326	The opening up and upgrade of the wharf area. But we all know that. Expansion of the CBD to become more competitive in shopping, especially hardware which will help people shop locally and therefore have a flow on effect to all locals. Maby making more use of the rail yards in the way of a train museum (with actual trains) focusing on the past when south Australia's rail network was running.	2/10/2015 8:54 PM
327	big indoor playground	2/10/2015 8:49 PM
328	We need to enhance our industrial background by improving infrastructure. Access to national parks within the Flinders ranges. Improved heavy vehicle access to the industrial area.	2/10/2015 8:46 PM
329	<b>Roads</b> A decent crossing or stop lights between the Hot French Bread shop and the park across the road. A decent crossing or stop lights at the hospital.	2/10/2015 8:45 PM
330	<b>Entrances</b> entrances to city, dog park improvement, upgrade of footpaths, especially those not surfaced i.e. those not in Risdon Park!	2/10/2015 8:36 PM
331	The upgrading of lawrie park facilities for free caravan and camping	2/10/2015 8:35 PM
332	More jobs sport upgrade	2/10/2015 8:30 PM
333	<b>Roads</b> Fixing the roads of the pot holes around town	2/10/2015 8:29 PM
334	<b>Beach</b> <b>Water Park</b> a complete foreshore redevelopment. The playground at the beach is disgraceful. The lawned areas are prickly ridden. It would be fantastic to redevelop the foreshore to include a water park similar to moonta. The CBD redevelopment is essential to attract more business	2/10/2015 8:17 PM
335	<b>Roads</b> Better Internet service in Napperby. Sealing the dirt roads in Napperby.	2/10/2015 8:12 PM
336	<b>Sports Facility</b> The sporting upgrade is a must. Port Pirie Sporting Facilities are falling behind. If a small community like gladstone can build a stadium like that we should be leading in that direction. Port Augusta are in front of the PP Council being much more proactive.	2/10/2015 8:04 PM
337	<b>Sports Facility</b> sporting complex combined	2/10/2015 7:54 PM
338	<b>Entrances</b> A lot more on tourism - advertising and signage a big must. Entrance to Port Pirie with big signs showing our attractions.	2/10/2015 2:32 PM
339	<b>Sports Facility</b> a multi-sports area at Memorial Oval including a bar/dining area, but keeping our Soldier Memorial Grandstand	2/10/2015 1:35 PM
340	<b>Beach</b> Self cleaning toilets better facilities at the beach greater access to the wharf area	2/9/2015 11:55 PM

128	Youth. Top priority is to engage with appropriate youth focused members of the community to develop a youth group. Think outside the box in regards to who are "appropriate youth focused" people too. Don't just let the Youth Sector Network make all the decisions. There are others, not in any current formal positions who are more motivated and have got the ideas ready to run with.	3/7/2015 2:07 AM
129	I recently attended an art workshop in the Art Gallery. What a great day!!! The Gallery needs a suitable workshop space so that more of these can be held. How about updating one of the platform rooms so that the Gallery and other community groups could use the area all year round. An a/c and a suitable wet area is needed. ## Port Pirie Regional Council Community Survey

140	<b>Roads</b> As I said in 6a & 6b, finish lighting & curb/gutter & seal road from dust. Dust is a health hazard. Transport - Redhill has no public access to Pt Pirie. Signage about towns along Princess Highway, overhead computerised billboard. Outdoor youth playgrounds part adult part youth eg combine aquatic centre for summer with ice skating ring for winter, freezing pool water.	3/5/2015 11:13 AM
141	Yes give our city a go - promote it - not promoting Pt Pirie.	3/5/2015 10:39 AM
142	<b>Roads</b> The total disregard for youth. There needs to be a guy (perhaps the guy who was President of and used to run the Port Pirie Youth Activities Committee) be commissioned to set up a proper youth group in Port Pirie, that would serve the full Port Pirie Regional Council area. The bike lanes around Port Pirie, must be interconnected. Best example of stupidity, is where the shared pedestrian/cyclist lanes END, right near JPSS on the bend where it's suddenly needed most, just before the round about (Wandearah Road and Mary Elie Street). Should've "acquired" land back from the school or got SA Power Networks to move the stobie pole and continued the lanes around the bend and have appropriate kerbing for riders to cross the roads with.	3/5/2015 12:40 AM
143	<b>Roads</b> I believe there is a total lack of responsibility, common sense and honesty shown by the council when deciding the projects they undertake using rate payer money or grants gained to benefit the whole region. The number of failed projects to "beautify" Port Pirie is a joke. There is little that can be done here when every entry has a wrecking yard, a rubbish dump, a swamp or failed abattoirs on it (the phrase lipstick on a pig comes to mind). Council needs to realise that Port Pirie, as a town, will benefit more by promoting the entire council area rather than wasting money on endeavours that only benefit Port Pirie. The latest incredibly stupid idea – the construction of some sort of boat at the entrance to Pirie – is another in a long line of pathetic, very expensive, ill-conceived ideas that has come out of that office. One thinks it should be called the Titanic. The same money spent on displays, signage or any other promotional features located at the main entrances to the greater council area would have a greater benefit to all who contribute rates to prop up the apparent failed social experiment called Port Pirie. GIVE UP ON SOLLOMOMTOWN"BEACH". It always has, and always will be a mosquito infested mangrove swamp. Moving the road every few years, planting and removing grass and trying to make it sound good in public will not alter what it is. This area has become yet another money pit that those with a somewhat limited mental capacity are fascinated by. Council fails to act in the interests of the WHOLE REGION when making decisions and appear to consider rates paid by the residents in the whole region. It is a constant wonder to me how some of the morons handling people's money are not behind bars or at least removed from office – just for acting like clowns. The whole office reeks of incompetence and shady deals which would be more at home in a Monty Python Sketch than real life.	3/4/2015 5:04 PM
144	<b>Job Creation</b> The lack of engagement with Aboriginal community and employment opportunities for Aboriginal community. Youth unemployment	3/4/2015 7:49 AM
145	<b>Parks Roads</b> Given the on street parking in Crystal Brook, the speed limit should be reduced to 25. I have had a few near misses whilst backing out of a car park and the oncoming vehicle seems to be a bit too fast. Kadina has a speed limit of 25 in their main shopping street. It would also be a help for some pedestrians who are a bit slower crossing the road. Perhaps even a designated pedestrian crossing. It seems to be needed from the Chemist to the Foodland shop. Also in Pirie itself the pedestrian crossings should be those that stop the traffic rather than provide a safely island in the middle of the road (eg the one near Woolworths. Sometimes cars will stop but other times it is a matter of taking ones chance especially when it is busy	3/4/2015 5:16 AM
146	<b>Parks</b> A. Urban renewal - check out Newcastle's example of urban renewal and apply some of the strategies here.....Pirie has a lot of untapped potential. B. Is there a community liaison person to organise community activities, workshops etc (of the non-sporting type)? C. Obesity. Pirie is fat with the majority of the population unfit...can Council facilitate a healthy lifestyle community challenge....making greater use of sport fields, pool, beach, bike track etc. Similar has been done in regional Victoria and NSW. Exercise equipment going into Woodward park and Solomon Town beach ....close to playgrounds so parents/carers can exercise while watching kids play.	3/3/2015 9:55 PM
147	More engagement/services to include Aboriginal and Torres Strait Islander community members	3/3/2015 8:14 PM
148	Cultural development seems to be missing from the action plans.	3/3/2015 6:04 PM
149	Spend more time for the community and on the community instead of covering their own backsides.	3/3/2015 2:33 PM
150	Aboriginal Engagement, RAP, support continuing for arts & culture. Use of vacant shops for 'pop up' galleries or enterprise opportunities	3/3/2015 8:47 AM
151	The place needs its first impression as you drive in fixed. Warnertown Rd to the roundabout needs modern lighting and the realigning. Pt Germein Rd is pretty ugly, the land should be reclaimed and used for something. Esmond rd 3 Chain rd intersection needs to be brought up to standard instead of the accident waiting to happen mess it currently is.	3/2/2015 9:10 PM
152	Yes, animal control is a big issue in Port Pirie, particularly in relation to cats. There needs to be funding provided to local people who are trying to address this issue. Funding of cheap desexing through local vet clinics would be highly beneficial. Community education is needed. Feral cats who cannot be rehabilitated should be destroyed humanely. Animals are a part of our community and should be recognised as such.	3/2/2015 8:05 PM
153	<b>Parks</b> remove all of mallee/ street trees and plant more suitable, not olive like in some streets	3/2/2015 8:03 PM

154	More Home services and help for pensioners.	3/2/2015 6:17 PM
155	Rates are to high. Should be user pays instead of one fits all	3/2/2015 4:06 PM
156	<p><b>Parks</b> <b>Roads</b> I would like to see the Nelshaby reservoir closed during fire danger season, like beetaloo valley. All year around people go to the reservoir. During the recent bushfires people were walking thru the dense scrub of the reservoir just for a look. The bush is so thick you cant see anyone in it, if a fire was to start or someone was to start a fire any embers would quickly light up the surrounding paddocks, putting my home, family and animals at risk. More access is need to the water in the pipe line in the event of a fire, sprinklers every so many meters along the pipe line above the reservoir. Since the council has made Lawrie Park a RV stop it is frequented by on average 5 vehichles, camper etc. a week,and also gets frequented by hooligans doing burn outs In the dirt as the park is never locked there are no access gates any veichle can just drive in and pull up camp anywhere for how ever long. Using all the water they desire as it is free. So when a camper is hanging his washing up in the park because he has been there so long, I wonder where all the wash water goes? back into the the creeks to poison out native animals? Also just recently I went to Lawrie park only to see to my discust numerous places where campers have had recent fires, how do I know they are recent well, with all the gully winds we have nothing stays on the ground very long. Campers are bringing their dogs and animals on several occasion ive had to stop my vehicle to avoid hitting dogs on the road, also at night you can hear the dogs running through the creeks chasing native animals. We have had a tenfold increase in feral cats now the park is a RV stop ( not to mention rats) when there is several campers with families and only one small bin, rubbish gets left for feral animals not to mention all through the park. Whats happening to the old nelshaby rubbish dump is the council waiting for someone to simply drive in a light a fire, the fences have been cut down for several years its a huge fire trap the council seriously need to get in their car and drive around and have a good look, would you like some teenager on "p" plates with his mates on a sat night doing "ringies" next to their house? or when they get sick doing of that they hang out in Lawrie park, light a fire and all sit around boozing all night long ! Along senic drive where it crosses nelshaby creek, there are a significant amount of huge gums trees over hanging the road on both side, once again if a fire starts in the reservoir it will quickly jump in to Lawrie park. They are river gum trees witch are notorious for dropping their branches. I would like to see more bus signs erected to indicate to all the drivers in the area where children are getting on and off the school bus, and even speed restrictions around the bus stops, my children get off the bus and the road speed it 100km,.</p>	3/2/2015 2:12 PM
157	Cat control. The council is not enforcing the dog and cat management act. It refuses to collect or receive cats which have been caught in non council traps.	3/2/2015 12:27 PM
158	Reduction of rates. Cats roaming the streets at night. Introduce compulsory registration of cats.	3/2/2015 9:39 AM
159	Illegal dumping throughout Port Pirie. Erecting signage is absolutely pointless and this constant problem will keep happening. Use bollards, gates or something "robust" to prevent the ferals flouting the system.	3/2/2015 8:51 AM
160	<b>Parks</b> disabled parking increased	3/2/2015 8:10 AM
161	<b>Sports</b> Sporting facilities.	3/1/2015 7:56 PM
162	Farm houses should be able to be sold without large acreage to keep population in the country areas.	3/1/2015 4:46 PM
163	Improve water quality at the beach by removing some of breakwater for winter months.	3/1/2015 1:28 PM
164	Management of fuel loads on lands under control of council to in Napperby/Nelshaby district.	3/1/2015 11:48 AM
165	<b>Parks</b> I think the council should pay more attention to the planting of, and maintenance of street trees as many are dying or have been removed.	3/1/2015 9:22 AM
166	<b>Roads</b> Surfacing of Parham Street PP due to the new UCW mens shed being in that area Lighting on Three Chain Road should be upgraded Pigeon control under the overpass-not good for children walking to school-health hazard	3/1/2015 8:54 AM
167	Actually think about providing services to places outside of Port Pirie.	2/28/2015 5:07 PM
168	<b>Sports</b> Sporting complex stop spending money on ideas. Airport upgrade so can use flights for roxyby etc. support the sporting community. Rates are too expensive for the services we get.	2/28/2015 4:40 PM
169	Council subsidised desexing of cats/dogs and a ruling made in conjunction with this that all dogs/cats be desexed.	2/28/2015 4:10 PM
170	Beach and French Street needs an upgrade.	2/28/2015 11:44 AM
171	<b>Parks</b> yes the waste of mains water at Lawrie park at nelshaby,been running now for over two years now.yes get it fixed,so my rates aren't paying your water bill for this.	2/27/2015 11:01 PM
172	The major drug issues the city has.	2/27/2015 6:32 PM

## Port Pirie Regional Council Community Survey

173	<b>Parks</b> <b>Roads</b> litter control solomontown beach parking area boat ramp etc council does its best but litter is ongoing issue with not people not using bins provided all over road weekends particularly bad seems to be too hard basket to solve	2/27/2015 12:38 PM
174	Share the money beyond the city centre	2/27/2015 12:26 PM
175	<b>Roads</b> The entrance to the bike track at grey Terrace and Wandearah Road should be moved around the corner on Wandearah . It is a death trap. To enter the bike track a cyclist has to go around the traffic stopped on Grey Terrace and travel against the traffic.	2/26/2015 6:57 PM
176	<b>Parks</b> General whole town cleanup and greening. Looked much better 10 years ago. Has been let go. Parks refurbished, new equipment and the beach area and golf club improved.	2/26/2015 5:05 PM
177	Koolunga River walk - volunteers weed, etc, this walk. Just wondered what areas in Port Pirie, that a walk or gardens are cared for by volunteers in Port Pirie. The river walk is a tourist attraction and used by locals daily.	2/26/2015 1:55 PM
178	Build a big symbol like the big bannana etc to put Port Pirie on the Map.	2/26/2015 1:45 PM
179	Feral Pigeons, have capacity to cause significant health issues such as ■Transmission of diseases such as histoplasmosis, cryptococcosis, and psittacosis (ornithosis). ■Attraction of ticks, mites, cockroaches and rats. If you walk under the overpass there is enormous evidence of the pigeon problem, and there is a primary school only a short distance away. I think council could face litigation if children faced health issues at this school if a result of the pigeon infestation	2/26/2015 12:35 PM
180	amount of people in community pulling cars apart in their yards and selling bits . very poor visually for the area	2/26/2015 10:06 AM
181	Faster response to building permits.	2/26/2015 7:50 AM
182	As above. We can have lots of carnivals and bring in alot of money if you listen to the right people. The swimming club had a state swimming championship in the town and council didnt care. If it was football or netball well then you would see your interest. We have growing world champions on this town but if not cared for they may aswell go to adelaide	2/25/2015 9:39 PM
183	Youth activities	2/25/2015 7:35 PM
184	<b>Job Creation</b> Lead. Isolation of older citizens. Unemployment.	2/25/2015 7:21 PM

186	Discounted rates for elderly pensioners	2/25/2015 12:46 PM
187	<b>Roads</b> lighting off Warnertown Road City Entrance between Railway Crossings and Pt Germein Road area, that area is very uninviting when coming in at night time maybe a few solar lghts along there	2/25/2015 12:24 PM
188	<b>Roads</b> Maintenance of the cemetery at Redhill Water costs for Redhill Oval as well as road surrounding oval and toilets at oval In sealed roads around Redhill	2/25/2015 12:19 PM

191	aerodrome needs upgrading to allow FIFO	2/25/2015 8:34 AM
192	I am appalled at the significant rise in my rates over the last few years yet have not noticed any improvements in my area of Nelshaby! 2011 - \$929.30 2012 - \$1187.60 2013 - \$1600.40 2014 - \$1722.20 In the last 4 years my rates have gone up over 85% and in 2013 we saw our rates go from Rural to Residential which accounts for a huge portion of the increase. I realise that recycling waste was first introduced during this period but only accounts for \$228 which is still a significant increase from the \$150 of when it was first introduced 2 years ago!	2/24/2015 8:16 PM
193	Cat control.	2/24/2015 5:27 PM
194	How about the council being there for the "people" as it once was years ago. Council is known to be unfriendly and draconian. Why don't you use this information from this survey and do something about it, or is this just another time wasting project that will get no results?	2/24/2015 4:06 PM
195	<b>Roads</b> I note that it has been over a year since the flood, and there is still waste/silt on the sides of the road on parts of Scenic Drive. I would also like to see more action re clearing trees/creating fire breaks in Napperby/Nelshaby. I noticed that council members were happy to attend fire meetings when they were going to be on the news, but haven't seen anyone out there since... Rubbish collection also seems to be a little bit of a lucky dip - sometimes it gets collected and sometimes not.	2/24/2015 3:49 PM
196	Graffiti, funding for community projects	2/24/2015 3:48 PM
197	Residents should be consulted if their area is to be rezoned. this affects residents as well as businesses so everyone should have the oportunity to have their say. This has not happened in the past.	2/24/2015 12:58 PM

## Port Pirie Regional Council Community Survey

198	<b>Job Creation</b> Jobs for the under 25s who don't get centrelink payments	2/24/2015 12:34 PM
199	I am concerned about the availability of rental accomodation and the price of rent. Particularly for single middle aged who are not yet pensioners.	2/24/2015 12:25 PM
200	<b>Sports</b> Focus on what we have and make small improvements to generate income, forget about the big projects ( sporting upgrades )	2/24/2015 9:28 AM
201	More involvement in christmas carols inc. financial support	2/24/2015 7:45 AM
202	Carparking - common sense needs to be applied, people are being booked for ridiculous "infringements" in areas where there is not, and has not, ever been an issue. Loading zones and the CBD are not policed but a car with two wheels on a footpath in a side street gets a fine, where common sense says it is not an issue. Most of the traffic inspectors are rude and arrogant, and generally are a disgrace to what is overall a pretty good council.	2/23/2015 10:50 PM
203	No. There is already to much time wasted listening to council employees that are all talk and no action.	2/22/2015 9:38 PM
204	<b>Parks</b> More planting of gardens along senate rd where the new area is Tidy up the golf coarse fence Give them a hand in making it nice not having meetings and getting nothing done Do something about the old organ foundry land...an embarrassment entering the town Get your acts together and do something Stop putting old boats and shit up for the Italians there are other nationalities that live in the town	2/22/2015 8:59 PM
205	Drug / youth issues are an increasing problem for this city The first part of this survey is poor. It forces us to rate services we don't use. Also, it asks how often we use 'background' services like stormwater???? Not very well thought through - the information received from this part of the survey will not be very useful.	2/22/2015 1:05 PM
206	<b>Sports</b> to stop the council demolishing the memorial grand stand the soldiers died died for are country and if you do that then you mite as well get all the main st historic buddings demolished then you loose all port pirrie history will be gone and tourisem will stop	2/22/2015 11:06 AM
207	<b>Parks</b> The port pirie beach (or swamp as most will say) desperately needs to be rejuvenated. It stinks. It looks nothing like a beach. When you go into the water, you step straight into slimy mud and end up with itchy legs after. By the bridge (on the skate park side) there's tyres and other rubbish in the water. The water in this section is stagnant.	2/21/2015 8:24 PM
208	The smaller towns in the council	2/20/2015 7:10 PM
209	As above	2/20/2015 11:24 AM
210	tidy trees. clear footpaths. landowners should be made to keep vacant blocks weed free to reduce fire hazard and dust.	2/20/2015 11:10 AM
211	<b>Roads</b> Continue to pursue prosecution of Goode road resident near Amity Youth Shelter over the disgusting state of their yard. It still has cars out the front and is reducing the value of properties surrounding them. Council need to follow these situations up to the full extent of their capabilities and not go soft on people that continue to do the wrong thing at the expense of people that live close to them.	2/20/2015 10:33 AM
212	Improve pedestrian crossings in Port Pirie it is really hard to get across the main street to the public toilets and playground. Reinvigorate all towns in the region, they are looking tired. Improve entrances to make it feel like we really care about our towns and welcome everyone. Work more closely with Development Boards.	2/19/2015 4:18 PM
213	<b>Sports</b> Treat sporting groups equally	2/19/2015 3:41 PM

## Port Pirie Regional Council Community Survey

225	Vandalism	2/16/2015 3:46 PM
226	More activities for youth	2/16/2015 8:16 AM
227	<b>Sports</b> The multi-purpose sports area. The plan is incomplete and needs more work. Why would you spend \$20million and not even have a year round swimming facility is beyond me. There are many parents who regularly drive to Clare to access swimming lessons for their children all year round, there are many others who just can't access them. Along with everyone else that would love to access swimming all year round - I know I would be buying a yearly pass for my family and using it all the time; whereas I would be unlikely to access any of the other facilities proposed in the development. This is a once in a lifetime opportunity for the town and area - why do a 1/2 effort, there won't be an opportunity like this again.	2/15/2015 6:42 PM
228	Urgent review needs to be made of the CBD paths & crossings for the elderly.	2/14/2015 7:58 PM
229	trees on footpaths which are hazards to pedestrians and high vehicles	2/14/2015 4:21 PM
230	Ban all roosters in residential areas. This is a real problem but many people are hesitant to lodge a complaint for fear of upsetting neighbours. These birds start crowing as early as 4am in summer and are very loud. The noise carries great distances and is continuous, for hours, making it impossible to get back to sleep. Sleep deprivation is a recognised form of torture. The whole situation is very distressing and could easily be resolved if roosters were not allowed in residential areas. There is no need to own one. Hens still lay eggs without a rooster and most chook owners are not breeders. If they are breeding in a residential area, they should be required to have some kind of permit or licence in any case.	2/14/2015 2:09 PM
231	<b>Sports</b> There seems to be a lack of community involvement in many areas especially when people are to old to play regular sports	2/14/2015 12:21 PM
232	<b>Sports</b> Charging sports associations for use of sporting fields should not happen - should encourage physical activity- most associations are service organisations not profit making organisations- extra cost should not be passed onto participants especially kids-unbelievable!	2/13/2015 6:42 PM
233	<b>Sports</b> Levy on sporting clubs for use of council sporting grounds	2/13/2015 6:17 PM
234	<b>Parks</b> Lack of shade near skate park for youth. So much money spent on a plaza that was only used once for a sunday market. What a waste of money.	2/13/2015 3:44 PM
235	Ensure that there is a doctor at the hospital 24/7 At the moment just having a doctor on call is not good enough, many times they just give the nursing staff the message of giving an aspro and then seeing their local GP the next day. This is not good enough for the stressed mother, patient or close relative.	2/13/2015 11:11 AM
236	<b>Parks</b> Shade for the skate park. Remove the handrails on the boatramp.	2/12/2015 9:09 PM
237	Freezing rates and not worrying about the aesthetics of the township but focussing on the essential / critical services	2/12/2015 8:17 PM
238	<b>Job Creation</b> PPRC is too insular. It should be aware of the real 'state of the city', for example obesity and other health issues are a major problem for the city. PPRC should at the least be an advocate for getting the problems addressed. It is not good enough to say it is someone else's role. Ditto with unemployment which causes the low socio-economic profile. PPRC needs to be more attuned and it needs to begin advocating strongly for the region.	2/12/2015 12:51 PM
239	Refuse and recycling dump hours are impractical	2/12/2015 10:33 AM
240	Stop relying on the smelter	2/12/2015 7:08 AM

243	no	2/11/2015 9:16 PM
244	Communication and not changing there minds when having a building permit put through. I mean this is the sixth times and the council is still coming back with other issues. We where trying to open before Christmas and still waiting after putting our application in November. It is now in the middle of Feb. and we are still waiting again. They keep changing the rules. There is one lady name Rose that has been nice and courteous.	2/11/2015 9:00 PM
245	Air port up grade	2/11/2015 8:53 PM
246	More community consultations after hours to discuss new developments and ensuring that projects are actually what the community wants.	2/11/2015 7:25 PM
247	fast food packaging litter.	2/11/2015 6:03 PM

251	<b>Parks</b> Shade over the skate park, a smaller bike track at the skate park for the younger kids getting into it. And not in the way of the bigger kids. Shaded swings at playgrounds and shaded chairs in the enclosed playground.	2/11/2015 1:34 PM
252	Move the speed restriction signs on the Northern side of Crystal Brook further towards the north (80km to the 110km site) There are quite a few more residential properties now.	2/11/2015 12:53 PM
253	open council meetings to all of the public	2/11/2015 10:59 AM

257	The tyre dumping business that is trying to get their applications approved. We're not the states dumping ground, there are ways for tyres to be collected and recycled!	2/11/2015 8:04 AM
258	<b>Roads</b> Transport issues listed above. I have an ongoing issue with the road condition on my street, complaints to council have not resolved the problem, the council says it is SA Water to fix and vice versa...and nothing has happened in the months it has been reported.	2/11/2015 7:57 AM
259	the amount of dole bludges / bums that seam to be coming to Pirie, I believe that uniting care wesley has a bit to answer to here.	2/11/2015 7:13 AM
260	I am not a golfer but council needs to put some money into the course or sell it. It is an eyesore!	2/11/2015 6:12 AM

265	Communication and inclusion. Probably time for some incumbents to move on.	2/10/2015 9:20 PM
266	<b>Roads</b> things in Pirie West are not done at all unless council are hounded, they are rude, and do not listen , a new road was put in on Fedrick road and a poor new foot path , now both have been ruined by the water company , who have not fixed things that have been ongoing for months, the foot path is full of weeds also , we do pay rates and should have the same as other in the risdon and shopping areas	2/10/2015 9:16 PM
267	The "hidden" homeless issue, more needs to be done	2/10/2015 9:11 PM
268	<b>Sports</b> Sporting fees imposed on clubs using council facilities. Everything should be done to help encourage local sport and grow a healthy young generation.	2/10/2015 8:54 PM
269	Water drainage around the city. The same areas in Solly area always flood when it rains and within the CBD.	2/10/2015 8:45 PM

273	no	2/10/2015 8:29 PM
274	<b>Roads</b> Footpaths that are pram/stroller friendly - extend the bitumen bike/walk track from wandearah road. I would love to have somewhere safe to take my little boys riding. From a community perspective, I think that the entrances into the city require attention and the old Mobil site needs to be cleaned up and redeveloped	2/10/2015 8:17 PM
275	pigeons	2/10/2015 7:54 PM
276	Barking dogs!	2/10/2015 2:32 PM
277	<b>Parks</b> <b>Roads</b> As stated in 20. One example - Main Road & Three Chain Road roundabout corner - crossing Main Road from the caravan park side of Three Chain Road, there is a kerb crossing for prams etc but if you then want to turn to go down the main street you are left lifting a pram on to a centre median strip with two lanes of traffic on each side. If you try to use the beach side of Three Chain Rd the foot path ends and you are left trying to push the pram through thick grass. There are several areas along Main Road where the crossings don't match up in the centre with the footpaths. Make all main road crossings safe.	2/9/2015 10:51 PM

## Port Pirie Regional Council Community Survey

92	Don't go into too much debt. Manage all residents fairly, not bias to city residents.	3/17/2015 11:13 AM
93	Consider our heritage by keeping things like the grandstand. There were great things going to happen with the old library which should be still in use today but instead Council chose to build a new state of the art library with all of the glass windows resulting in astronomical power bills therefore resulting in reduction of opening hours due to wages, electricity etc. New library too difficult for elderly access.	3/17/2015 11:09 AM
94	<b>Business Support &amp; Attract</b> Medical facilities Tourism promotions Encourage and Promote recreation Business development	3/17/2015 10:49 AM
95	<b>Rates</b> <b>Roads</b> Continue program of sealing country roads. This could be facilitated by having a narrower sealed pavement of 3.1m as implemented on lesser used roads in other areas of Australia. Perhaps a plan of adjoining ratepayers prepaying rates 3 years in advance, supplemented by other grants & Council backing could "kick start" this program.	3/17/2015 10:19 AM

106	<b>Rates</b> CONTAIN RATE RISES. LIVE WITHIN OUR MEANS	3/16/2015 10:03 AM
107	<b>Roads</b> Footpaths in Crystal Brook & more consistent pedestrian ramps on each corner to make it easier for gophers to come off footpaths & pedestrians entering or alighting a footpath. Also mothers with prams. A lot of people do walk on the footpaths. Some footpaths are like billy goat tracks. People walk on roads - footpaths have trees with branches hanging over making it difficult to walk on them.	3/13/2015 4:49 PM

119	<b>Roads</b> Road maintenance - Pirie city isn't the only area. The edges of country roads.	3/12/2015 3:33 PM
120	YES! Build a railway sleeper platform so disabled people & children can get on the /off the train at CB or PP (coonamia). fed up with travelling to Pt Augusta. Extra costs involved to get the train.	3/12/2015 3:29 PM
121	The Aboriginal Centre needs to do more to curb the drunkenness & obvious neglect to their children. Improved laws for property. Some places in Pirie are real dumps & children live in them. Neighbours who are tidy etc have to tolerate their indecent housekeeping. Places with sheets & newspaper in windows. Some man has put bars on his front windows & front door - the place looks like a jail & the kids are always playing in the front yard. Ugly gargoyles on the roof. Some places are just full of litter & old cars, etc. With all these charities & welfare agencies the children should be better off. Why does Pirie West Primary need "Save the Children" if we have a welfare system. Why are children hungry in this town. Mandatory notification - good/great on paper but where is proof of the reality of this in action. If all caregivers are mandatory notifying why are children still suffering in all the schools - there are many horror stories.	3/12/2015 3:08 PM
122	<b>Roads</b> footpaths - so people can walk safely and not have to use the roads when it is dark. Aim to have dirt roads surfaced. Lighting is also not maintained especially along Wandearah road and the Overpass.	3/12/2015 3:07 PM
123	<b>Business Support &amp; Attrac</b> Smarten up do our city proud. We hear pt Pirie will get this industry and what do we get? Nothing, nothing, nothing. I question is WHY can you answer this to your community...NO!	3/12/2015 2:49 PM

129	<b>Business Support &amp; Attrac</b> Develop tourist attractions, e.g. swim centre, visitors will return , employment for locals, local business opportunities - Bowman Park	3/12/2015 1:47 PM
130	LESS MONEY SPENT ON CONSULTANCIES, MORE MONEY SPENT IN RURAL TOWNS	3/12/2015 12:51 PM
131	<b>Sports Facilities</b> Look at all avenues for sporting clubs. Perhaps BH Club could be in it at the Oval. Solly Oval as a venue for caravan & motor homes - not sold off! & there will be a need for additional oval believe me!	3/12/2015 12:41 PM
132	<b>Rates</b> GIVE CREDIT TO THOSE BEAUTIFYING THEIR PROPERTIES BY 'LOWERING' - NOT 'RAISING' THEIR RATES - THEN FINE THOSE WHO ARE TURNING THEIR PROPERTIES INTO 'EYE SORES' AND 'FIRE HAZARDS' TO THEIR NEIGHBOURS	3/12/2015 12:31 PM
133	Maintaining & improving existing services.	3/12/2015 12:28 PM
134	Listening to ratepayers. Being more 'user friendly' to pensioners.	3/12/2015 12:16 PM

144	You can't ask how often we "USE" youth services or litter control and things like that. For one, there are no "youth services" currently provided by council that I know of. So saying I never use it, doesn't mean I'm not interested in doing so if I knew of some that existed. Secondly, the litter control is not something I'd use, unless you mean the placement of bins. Yes, I use the bins, but I thought of "litter control" to mean the inspector proactively issuing on the spot fines (expiation notices) to those caught red-handed (either by the inspector themselves or on camera if we had such a system around the city). I couldn't say that I "USE" it unless you mean reporting litter bugs to council. If there was a number to call, to anonymously report a litter bug that would have an immediate responder attend and "catch" them or catch up with them if they've already left the scene and fine them, then I'd do that, for sure. Facilitating the establishment of a youth voice and operational group (run by youth for youth - not by adults).	3/7/2015 2:07 AM

Stop wasting money on poorly thought out business ventures from anyone who knocks on the door – remember the magnetite farce. 173	Everything the council does to improve Pirie just doesn't seem to work in the long run. Tourism I believe is about the only thing we could have going for us. Our location is pretty dam good. Spencer golf one side and the lower Flinders the other. Just a shame we can't promote it. With the Flinders Rangers, why cant the fire tracks be opened to 4 wheel drivers? There could be selected camp sites in the hills, 4wd and walking tracks etc. Now don't come up with reasons why it can't be done. Think of ways to make it happen. Like our council, upon reading this it'll just be throw'n in the bin because it's too hard or "they'll wreck the hills" or "they'll start a bush fire". Gymnastics and squash have no where to go because everyone has been passing the buck. Squash has just formed junior teams and now they will have no where to go once the YMCA is demolished, not to mention our gymnastics champions that are going to have no where to go also despite been national and state champions. So much for encouraging young people to be active and get involved in local sport. I find that once again the council has let us down by taking to long to get anything going.	2/13/2015 3:44 PM

Get rid of that ugly Golf course from prime residential real estate. This would be much better situated several kilometres out of the town area and would also get rid of an eyesore from within the town Start being polite to the constituents, this does not apply to the counter staff, they are always polite, this message is for those so called professionals who get a council job and the turn into a dictator.	2/13/2015 11:11 AM
